August 6, 2024

Grew total revenue to \$114.4 million, an increase of 27%

Grew testing revenue by 31%

#### Conference call and webcast today at 4:30 p.m. ET

SOUTH SAN FRANCISCO, Calif.--(BUSINESS WIRE)--Aug. 6, 2024-- Veracyte, Inc. (Nasdaq: VCYT) today announced financial results for the second quarter ended June 30, 2024.

"Our exceptional second quarter results are a testament to the strength and robustness of Decipher and Afirma," said Marc Stapley, Veracyte's chief executive officer. "With both tests clearly gaining share in their respective markets and plenty of headroom for durable future expansion, our confidence in their long-term prospects continues to grow. Meanwhile, our positive cash generation and class-leading profitability profile are fueling a portfolio of tests that are poised to drive meaningful advances in precision medicine."

### **Key Business Highlights**

- Increased second quarter total revenue by 27%, to \$114.4 million, compared to the second quarter of 2023.
- Grew total test volume to 39,023, an increase of 23% compared to the second quarter of 2023.
- Increased second quarter net income to \$5.7 million and delivered adjusted EBITDA of \$24.0 million, or 21% of revenue.
- Achieved record Decipher Prostate test volume of close to 19,900 tests, driven by recently updated NCCN\* prostate cancer guidelines, in which the Decipher Prostate test received the highest-level rating among gene expression tests.
- Delivered record Afirma test volume of approximately 15,700 and received Medicare coverage for Afirma testing of patients with thyroid nodules classified as "Bethesda V," giving more patients annually access to the test.
- Reinforced Veracyte's commitment to evidence expansion with three published Decipher Prostate test studies, including a real-world, population-based analysis of Decipher data linked to the National Cancer Institute's SEER database demonstrating the test's clinical utility and underscoring the power of the Veracyte Diagnostics Platform.
- Generated \$26.7 million of cash during the second quarter to end the quarter with \$235.9 million of cash and cash equivalents.

### **Cautionary Note Regarding Forward-Looking Statements**

This press release contains forward-looking statements, including, but not limited to our statements related to our plans, objectives, and expectations (financial and otherwise), including with respect to 2024 financial and operating results; and our intentions with respect to our tests and products, for use in diagnosing and treating diseases, in and outside of the United States. Forward-looking statements can be identified by words such as: "appears," "anticipate," "intend," "plan," "expect," "believe," "should," "may," "will," "enable," "positioned," "offers," "designed" and similar references to future periods. Actual results may differ materially from those projected or suggested in any forward-looking statements. These statements involve risks and uncertainties, which could cause actual results to differ materially from our predictions, and include, but are not limited to: our ability to launch, commercialize and receive reimbursement for our products; our ability to execute on our business strategies relating to the C2i Genomics acquisition, integration of the business and the realization of expected benefits and synergies, our ability to demonstrate the validity and utility of our genomic tests and biopharma and other offerings; our ability to continue executing on our business plan; our ability to continue to scale our global operations and enhance our internal control environment; the impact of the war in Ukraine and other regional conflicts on European economies and our facilities in France; the impact of foreign currency fluctuations, increasing interest rates, inflation, the U.S. election and turmoil in the global banking and finance system; the ongoing conflict in the Middle East and the performance and utility of our tests in the clinical environment. Additional factors that may impact these forward-looking statements can be found under the caption "Risk Factors" in our Annual Report on Form 10-K filed on February 29, 2024, and our Quarterly Report on Form 10-Q filed for the three months ended June 30, 2024, to be filed August 7, 2024, as well as in other documents that we may file from time to time with the Securities and Exchange Commission. Copies of these documents, when available, may be found in the Investors section of our website at investor veracyte.com. These forward-looking statements speak only as of the date hereof and, except as required by law, we specifically disclaim any obligation to update these forward-looking statements or reasons why actual results might differ, whether as a result of new information, future events or otherwise.

#### Note Regarding Use of Non-GAAP Financial Measures

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), this press release and the accompanying tables contain, and reference certain non-GAAP results including non-GAAP gross margin, non-GAAP operating expenses, adjusted EBITDA and non-GAAP earnings per share (EPS). These non-GAAP financial measures are not meant to be considered superior to or a substitute for financial measures calculated in accordance with GAAP, and investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool.

We use non-GAAP financial measures to internally evaluate and analyze financial results. We believe these non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enable comparison of financial results between periods where certain items may vary independent of business performance, and enable comparison of our financial results with other public companies, many of which present similar non-GAAP financial measures. However, the non-GAAP financial measures we present may be different from those used by other companies.

We exclude amortization of acquired intangible assets, acquisition-related expenses relating to our acquisitions of Decipher Biosciences, HalioDx and C2i Genomics, impairment charges associated with the nCounter license and other biopharmaceutical services related to HalioDx intangible assets, all stock-based compensation and certain costs related to restructuring from certain of our non-GAAP financial measures. Beginning in the second quarter of 2024, we changed our non-GAAP policy to exclude all stock-based compensation to align with our peers and we have also excluded all stock-based compensation from our prior period non-GAAP financial measures. Management has excluded the effects of these items in non-GAAP financial measures to help investors gain a better understanding of the core operating results and future prospects of the company, consistent with how management measures and forecasts the company's performance, especially when comparing such results to previous periods or forecasts. The company encourages investors to carefully consider its results under GAAP, as well as its supplemental non-GAAP information and the reconciliation between these presentations, to more fully understand its business.
