

Q1 2024
Business and
Financial
Presentation

Forward-looking statements and non-GAAP information

This presentation contains forward-looking statements, including, but not limited to our statements related to our plans, objectives, and expectations (financial and otherwise), including with respect to 2024 financial and operating results; statements regarding the expected benefits of the acquisition of C2i Genomics; and our intentions with respect to our tests and products, for use in diagnosing and treating diseases, in and outside of the United States. Forward-looking statements can be identified by words such as: "appears," "anticipate," "intend," "plan," "expect," "believe," "should," "may," "will," "enable," "positioned," "offers," "designed" and similar references to future periods. Actual results may differ materially from those projected or suggested in any forward-looking statements. These statements involve risks and uncertainties, which could cause actual results to differ materially from our predictions, and include, but are not limited to: our ability to launch, commercialize and receive reimbursement for our products; our ability to execute on our business strategies relating to the C2i Genomics acquisition, integration of the business and realization of expected benefits and synergies; our ability to demonstrate the validity and utility of our genomic tests and biopharma and other offerings; our ability to continue executing on our business plan; our ability to continue to scale our global operations and enhance our internal control environment; the impact of the war in Ukraine, and other regional conflicts, on European economies and energy supply, as well as our facilities in France; the impact of foreign currency fluctuations, increasing interest rates, inflation, potential government shutdowns and turmoil in the global banking and finance system; and the performance and utility of our tests in the clinical environment. Additional factors that may impact these forward-looking statements can be found under the caption "Risk Factors" in our Annual Report on Form 10-K filed on February 29, 2024

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), this presentation contains certain non-GAAP results including non-GAAP gross margin, non-GAAP operating expenses, and non-GAAP loss from operations. These measures are not meant to be considered superior to or a substitute for financial measures calculated in accordance with GAAP, and investors are cautioned that there are material limitations associated with the use of non-GAAP financial measures as an analytical tool. We use non-GAAP measures to internally evaluate and analyze financial results. We believe these non-GAAP financial measures provide investors with useful supplemental information about the financial performance of our business, enable comparison of financial results between periods where certain items may vary independent of business performance, and enable comparison of our financial results with other public companies, many of which present similar non-GAAP financial measures. However, the non-GAAP measures we present may be different from those used by other companies.

We exclude amortization of acquired intangible assets, acquisition-related expenses relating to our acquisitions of Decipher Biosciences, HalioDx and C2i Genomics, impairment charges associated with the nCounter license and other biopharmaceutical services related HalioDx intangible assets, and costs related to restructuring from certain of our non-GAAP measures. Management has excluded the effects of these items in non-GAAP measures to help investors gain a better understanding of the core operating results and future prospects of the company, consistent with how management measures and forecasts the company's performance, especially when comparing such results to previous periods or forecasts. The company encourages investors to carefully consider its results under GAAP, as well as its supplemental non-GAAP information and the reconciliation between these presentations, to more fully understand its business. Reconciliations between our GAAP results and non-GAAP financial measures are presented in the Appendix.

Veracyte, the Veracyte logo, Decipher, C2i Genomics, and Afirma are registered trademarks of Veracyte, Inc., and its subsidiaries in the U.S. and selected countries.

Key Q1 2024 Results and FY 2024 Outlook

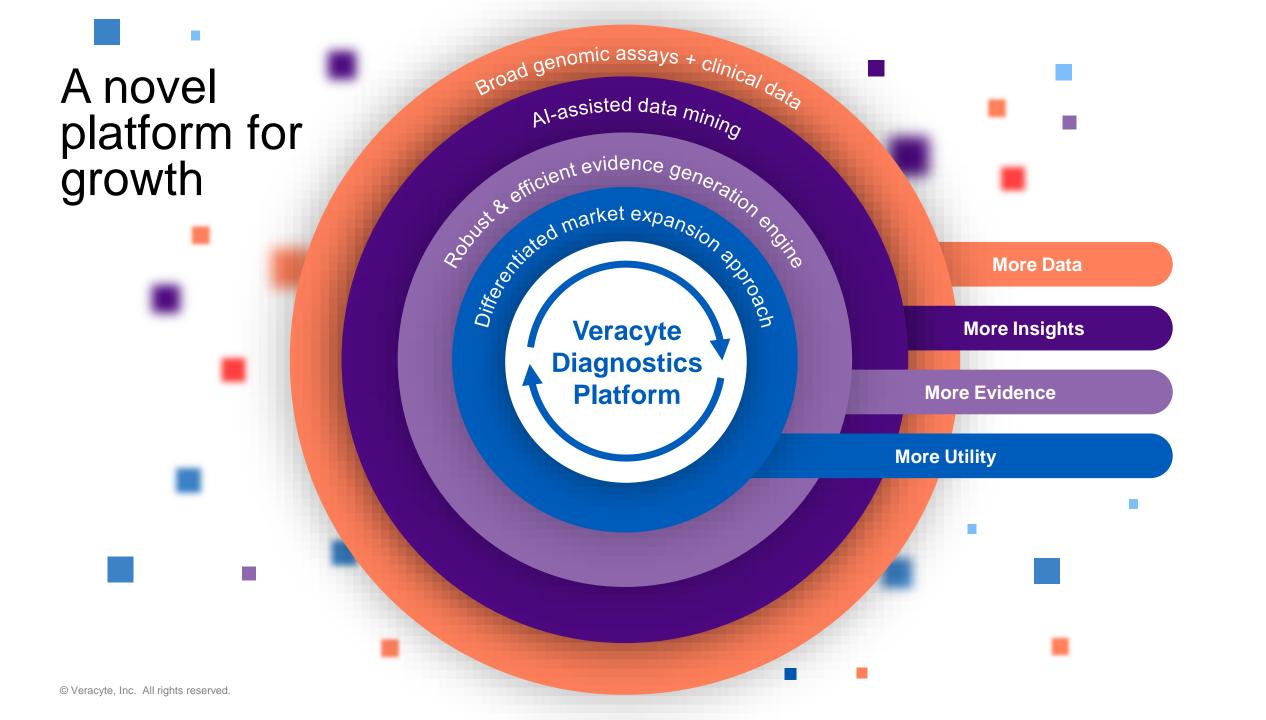

- 1. Strong Q1 2024 revenue of \$96.8M driven by Decipher Prostate and Afirma
- Contracted with one of the largest commercial payers in the U.S., making Decipher Prostate an in-network offering for its close to 30 million members
- 3. Initiated development of an MRD test for muscle-invasive bladder cancer
- 4. Raised 2024 revenue guidance to \$402M to \$410M and 2024 year-end cash¹ guidance to \$236M to \$240M²

- 1. Includes cash, cash equivalents and short-term investments
- 2. Guidance as of May 7, 2024 only; assumes currency exchange rates as of May 7, 2024

Our vision is to transform cancer care for patients all over the world

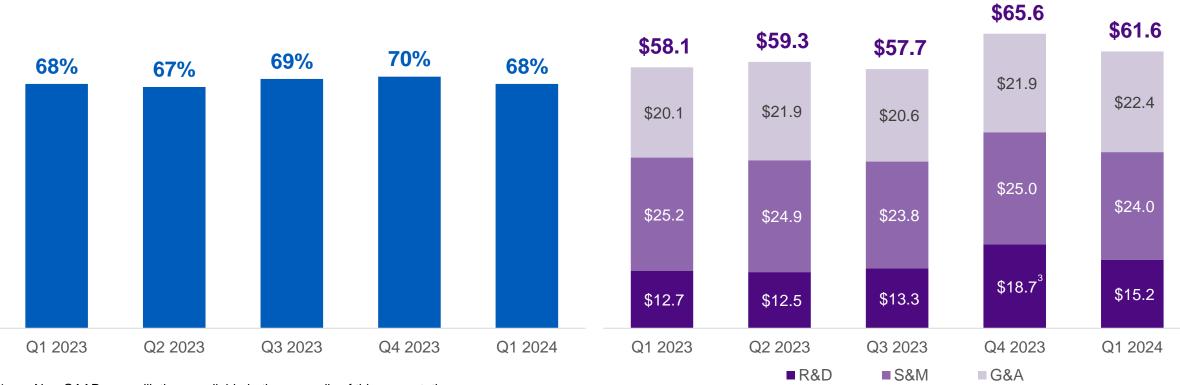

Delivered Q1 total revenue growth of 17%

Strong non-GAAP gross margin

Non-GAAP Gross Margin by Quarter¹

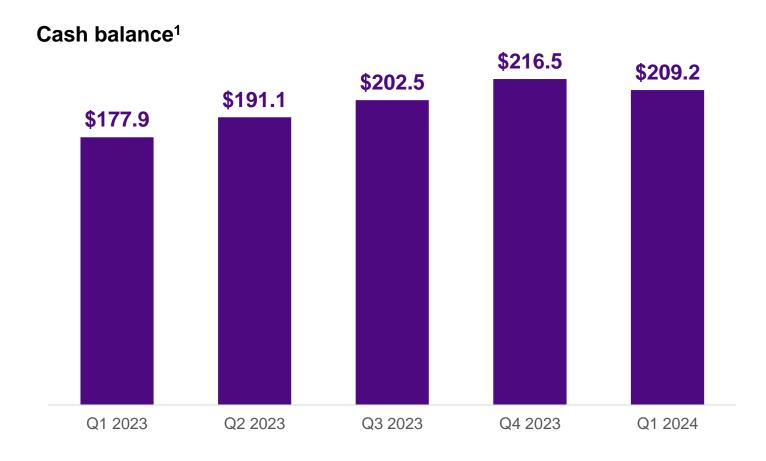

Non-GAAP Operating Expense by Quarter^{1,2}

- 1. Non-GAAP reconciliations available in the appendix of this presentation
- 2. Amounts in millions; Operating expenses rounded and summarized as presented
- 3. Q4 2023 R&D Includes \$3.5M IVD tech access fee

Cash balance of \$209.2M¹

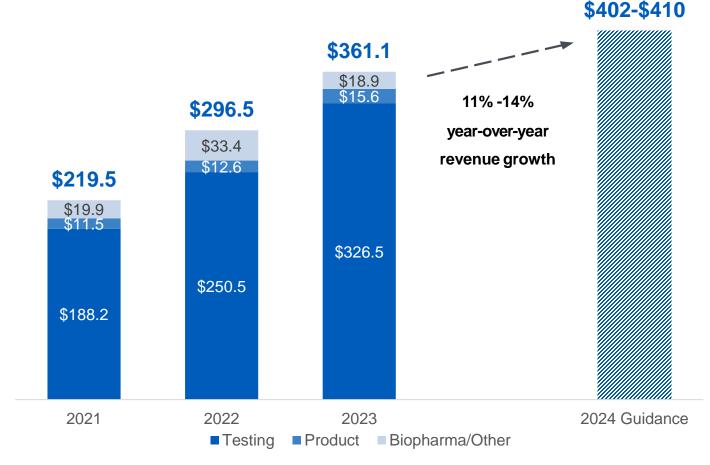

- Q1 cash used by operations of \$9.0M, due to usual timing of compensation payments
- 2024 outlook:
 - Ending 2024 cash balance of \$236M to \$240M²

- 1. Ending balance of cash, cash equivalents and short-term investments, excluding restricted cash, in millions, as of March 31, 2024
- 2. Guidance as of May 7, 2024

2024 revenue guidance of \$402M to \$410M

- Expect YoY testing revenue growth of 15% to 18% (previously 13% to 15%)
- Increasing full year guidance by
 \$8M due to higher testing forecast

- 1. Testing, Product and Biopharma and other revenue rounded and summarized as presented in millions
- 2. Guidance and currency rates are as of May 7, 2024; guidance inclusion after May 7, 2024 here should not be considered a reiteration of guidance
