Veracyte to Host Conference Call and Webcast to Discuss First Quarter 2015 Financial Results on Thursday, May 14, 2015

SOUTH SAN FRANCISCO, Calif., May 7, 2015 /PRNewswire/ -- [Veracyte, Inc.](http://www.veracyte.com) (NASDAQ: VCYT), a molecular diagnostic company pioneering the field of molecular cytology, announced today that its first quarter 2015 financial results will be released after close of market on Thursday, May 14, 2015. Following the announcement, Veracyte's management will host a live conference call and webcast at 5:00 p.m. Eastern Time to discuss the company's financial results and business progress.

The live webcast and subsequent replay may be accessed by visiting Veracyte's website at <http://investor.veracyte.com>. Please connect to the website at least 15 minutes prior to the live webcast to ensure adequate time for any necessary software download. Alternatively, please call (855) 541-0980 (U.S.) or (970) 315-0440 (international) to listen to the live conference call. The conference ID number for the live call is 39870267. Please dial in approximately 10 minutes prior to the call. The webcast replay will be available on the company's website approximately two hours following completion of the call for 14 days.

About Veracyte

Veracyte (NASDAQ: VCYT) is pioneering the field of molecular cytology, focusing on genomic solutions that resolve diagnostic ambiguity and enable physicians to make more informed treatment decisions at an early stage in patient care. By improving preoperative diagnostic accuracy, the company aims to help patients avoid unnecessary invasive procedures while reducing healthcare costs. Veracyte's first commercial solution, the Afirma® Thyroid FNA Analysis, centers on the proprietary Afirma Gene Expression Classifier (GEC) to resolve ambiguity in diagnosis and is becoming a new standard of care in thyroid nodule assessment. Since launching its Afirma solution in 2011, Veracyte estimates it has helped approximately 15,000 patients with thyroid nodules avoid unnecessary surgery, reducing healthcare costs by millions of dollars. The Afirma test is recommended in leading practice guidelines and is covered for 145 million lives in the United States, including through Medicare and many commercial insurance plans. Veracyte intends to expand its molecular cytology franchise to other clinical areas, beginning with difficult-to-diagnose lung diseases. In April 2015, the company launched the Percepta™ Bronchial Genomic Classifier, a test to resolve preoperative ambiguity in lung nodules that are suspicious for cancer. Veracyte is also developing a second product in pulmonology, targeting interstitial lung diseases, including idiopathic pulmonary fibrosis. For more information, please visit www.veracyte.com.
