STUDIES AND ADVISORS

The Committee, in discharging its responsibilities, may conduct, direct, supervise or authorize studies of, or investigations into, any matter that the Committee deems appropriate, with full and unrestricted access to all books, records, documents, facilities and personnel of the Company. The Committee has the sole authority and right, at the expense of the Company, to retain (and terminate) compensation and other consultants, legal counsel, accountants, experts and advisors of its choice to assist the Committee in connection with its functions, including any studies or investigations, and shall have direct oversight of the work performed by such advisors. In connection with the retention of such advisors (other than in-house legal counsel), the Committee shall consider the factors related to the independence of such advisors, including the factors specified in Nasdaq Listing Rule 5605(d)(3), or any successor provision, and, including with respect to each such advisor (or the advisor's employer): (1) the provision of other services to the Company by such advisor (or their employer); (2) the amount of fees received from the Company, as a percentage of the total revenue of such advisor (or their employer); (3) the policies and procedures of such advisor (or their employer) that are designed to prevent conflicts of interest; (4) any business or personal relationship of such advisor (or their employer) with a member of the Committee or an Executive Officer; (5) any shares of Company capital stock or other Company securities owned by such advisor (or their employer); and (6) such other factors as the Committee deems relevant or may be required from time to time by SEC Rules or Exchange Act rules; provided that nothing herein requires that compensation advisors must be independent – rather that the enumerated independence factors be considered before selecting or otherwise receiving advice from such an advisor.

The Committee shall assess, no less frequently than annually, the nature of any conflicts of interest raised by the work of any compensation advisor retained by the Committee who had any role in determining or recommending the amount or form of compensation of the Executive Officers and/or directors during the applicable fiscal year.

The Committee will have the sole authority to approve the fees and other retention terms of such advisors and to oversee the establishment of guidelines and procedures related to the accrual and accounting of such compensation and expenses. The Company will provide for appropriate funding, as determined by the Committee, for:

- payment of compensation to any compensation and other consultants, legal counsel, accountants, experts and other advisors retained by the Committee;

Irrespective of the retention of compensation and other consultants, legal counsel, accountants, experts and other advisors to assist the Committee, the Committee shall exercise its own judgment in the fulfillment of its functions.

The Committee is not required to assess the independence of any in-house legal counsel or any consultant or other advisor that acts in a role limited to consulting on any broad-based plan that does not discriminate in scope, terms or operation in favor of Executive Officers or directors and that is generally available to all salaried employees or providing information that is not customized for a particular company or that is customized based on parameters that are not developed by the consultant or advisor, and about which the consultant or advisor does not provide advice.
