Veracyte, Inc. to Host Conference Call and Webcast to Discuss Second Quarter 2014 Financial Results on August 13, 2014

SOUTH SAN FRANCISCO, Calif., Aug. 6, 2014 /PRNewswire/ -- [Veracyte, Inc.](#) (Nasdaq: VCYT) announced today that its second quarter 2014 financial results will be released after close of market on Wednesday, August 13, 2014. Following the announcement, Veracyte's management will host a live conference call and webcast at 5:00 p.m. Eastern Time to discuss the company's financial results and provide a general business update.

The live webcast and subsequent replay may be accessed by visiting Veracyte's website at <http://investor.veracyte.com>. Please connect to the website at least 15 minutes prior to the live webcast to ensure adequate time for any necessary software download. Alternatively, please call (855) 541-0980 (U.S.) or (970) 315-0440 (international) to listen to the live conference call. The conference ID number for the live call is 79445857. Please dial in approximately 10 minutes prior to the call. The webcast will be available on the company's website approximately two hours following completion of the call for 14 days.

About Veracyte

Veracyte (Nasdaq: VCYT) is pioneering the field of molecular cytology, focusing on genomic solutions that resolve diagnostic ambiguity and enable physicians to make more informed treatment decisions at an early stage in patient care. By improving preoperative diagnostic accuracy, the company aims to help patients avoid unnecessary invasive procedures while reducing healthcare costs. Veracyte's first commercial solution, the Afirma[®] Thyroid FNA Analysis, provides a comprehensive approach for assessing thyroid nodules, centered on the proprietary Gene Expression Classifier (GEC) to resolve ambiguity in diagnosis. Each year, of the more than 525,000 thyroid nodule FNAs performed in the U.S., approximately 115,000 patients undergo diagnostic thyroid surgery, with 70% to 80% of nodules proving benign and thus the surgery unnecessary. Veracyte commercially launched Afirma in January 2011. As of March 31, 2014, the company has received nearly 100,000 FNA samples for evaluation using Afirma and has performed nearly 20,000 GECs to resolve indeterminate cytopathology results. Backed by multiple, peer-reviewed, published studies and included in leading medical guidelines, Afirma is covered by Medicare and major commercial payers, which collectively represent more than 135 million covered lives. Afirma is marketed and sold through a global co-promotion agreement with Genzyme Corporation, a subsidiary of Sanofi. Veracyte intends to expand its molecular cytology franchise to other clinical areas and is in product development for its first product in pulmonology.
