Dear Stockholder:

For 2023 Annual Meeting of Stockholders**

GENERAL INFORMATION

Information about Solicitation and Voting

This proxy statement (“Proxy Statement”) is furnished in connection with the solicitation by the board of directors (“Board of Directors”) of Veracyte, Inc., a Delaware corporation (“we,” “us,” “our” or “Veracyte”), of proxies in the accompanying form to be used at our Annual Meeting of Stockholders on Thursday, June 8, 2023, at 10:00 a.m., Pacific Time, and any postponement or adjournment thereof (the “Annual Meeting”). To provide greater access to those who may want to attend, the Annual Meeting will be held virtually via the Internet at www.virtualshareholdermeeting.com/VCYT2023.

The Notice of Internet Availability of Proxy Materials and this Proxy Statement for the Annual Meeting and the accompanying form of proxy were first distributed and made available on the Internet to stockholders on or about April 27, 2023. Our annual report on Form 10-K for the year ended December 31, 2022 (the “Annual Report”) is available with this Proxy Statement by following the instructions in the Notice of Internet Availability of Proxy Materials. Our Annual Report is also available on the SEC’s website at www.sec.gov.

Questions and Answers about the Proxy Materials and the Annual Meeting

What proposals will be voted on at the Annual Meeting?

Six proposals will be voted on at the Annual Meeting:

- The election of two Class I directors to serve until the 2026 Annual Meeting or until their successors are duly elected and qualified;
- The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2023;
- The approval, on a non-binding advisory basis, of the compensation of our named executive officers, as disclosed in this Proxy Statement;
- The approval of the Plan;
- The adoption of the Declassification Amendment; and
- The adoption of the Officer Exculpation Amendment.

What are the Board of Directors’ recommendations?

Our Board of Directors recommends that you vote:

“FOR” election of each of the nominated Class I directors;

“FOR” ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2023;

“FOR” the approval, on a non-binding advisory basis, of the compensation of our named executive officers, as disclosed in this Proxy Statement;

“FOR” the approval of the Plan;

“FOR” the adoption of the Declassification Amendment; and

“FOR” the adoption of the Officer Exculpation Amendment.

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

Who is entitled to vote?

This year’s Annual Meeting will take place virtually through the Internet. We have designed the format of this year’s Annual Meeting to ensure that our stockholders who attend the Annual Meeting will be afforded the same rights and opportunities to participate as they would at an in-person meeting. You are entitled to attend and participate in the Annual Meeting only if you were a stockholder of record as of the close of business on April 10, 2023 (the “Record Date”), or if you hold a valid proxy for the meeting, as described below. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date. To be admitted to the Annual Meeting at www.virtualshareholdermeeting.com/VCYT2023, you must enter the 16-digit control number found on your proxy card or other proxy materials. If you do not have a control number, please contact the brokerage firm, bank, dealer, or other similar organization that holds your account as soon as possible so that you can be provided with a control number.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are considered, with respect to those shares, the “stockholder of record.” As a stockholder of record, you may vote at the Annual Meeting or vote by telephone, by Internet, or by filling out and returning the proxy card.

Beneficial Owner. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction form included in the mailing. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Annual Meeting.

How do I vote?

You may vote using any of the following methods:

- **By Mail** - Stockholders of record may submit proxies by completing, signing and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy. If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf “FOR” the election of the nominees for Class I director, “FOR” the ratification of the independent registered public accounting firm for 2023, “FOR” the compensation of our named executive officers; “FOR” the approval of the Plan; “FOR” the adoption of the Declassification Amendment; and “FOR” the adoption of the Officer Exculpation Amendment. Stockholders who hold shares beneficially in street name may provide voting instructions by mail by completing, signing and dating the voting instruction forms provided by their brokers, banks or other nominees. Voting by mail will close based on mail received the day before the meeting date.
- **By Telephone** - Stockholders of record may submit proxies by following the telephone voting instructions on their proxy cards. Most stockholders who hold shares beneficially in street name may provide voting instructions by telephone by calling the number specified on the voting instruction form provided by their brokers, banks or nominees. Please check the voting instruction form for telephone voting availability. Please be aware that if you submit voting

instructions by telephone, you may incur costs such as telephone access charges for which you will be responsible. The telephone voting facilities will close at 11:59 p.m., Eastern Time, the day before the meeting date.

- **By Internet -**

Before the Annual Meeting - Stockholders of record may submit proxies by following the internet voting instructions on their proxy cards. Most stockholders who hold shares beneficially in street name may provide voting instructions by accessing the website specified on the voting instruction form provided by their brokers, banks or nominees. Please check the voting instruction form for internet voting availability. Please be aware that if you vote over the internet, you may incur costs such as internet access charges for which you will be responsible. The internet voting facilities will close at 11:59 p.m., Eastern Time, the day before the meeting date.

During the Annual Meeting - Stockholders of record may attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/VCYT2023 where stockholders may vote and submit questions during the Annual Meeting. The Annual Meeting starts at 10:00 a.m. Pacific Time. Please have your 16-digit control number found on your proxy card or other proxy materials. Instructions on how to attend and participate via the internet are posted at www.virtualshareholdermeeting.com/VCYT2023. If you are not the stockholder of record, please refer to the voting instructions provided by your nominee to direct your nominee on how to vote your shares. ***Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions or vote by telephone or the internet so that your vote will be counted if you later decide not to attend the meeting.***

What if I need technical assistance during the Annual Meeting?

We encourage you to access the Annual Meeting before it begins. Online check-in will start shortly before the meeting on June 8, 2023. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please call the technical support number that will be posted on the virtual Annual Meeting log-in page.

Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the Annual Meeting. If you are a stockholder of record and submitted your proxy by mail, you must file with our Secretary a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the internet, you may change your vote or revoke your proxy with a later telephone or internet proxy, as the case may be. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.

If you are a beneficial owner of shares held in street name and you wish to change or revoke your vote, please consult the voting instructions provided with this Proxy Statement or contact your broker, bank or nominee.

How are votes counted?

For Proposal No. 1, you may vote "FOR" or "AGAINST" each of the Class I nominees. You may also "ABSTAIN" from voting.

For Proposal No. 2, the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2023, you may vote "FOR," vote "AGAINST" or "ABSTAIN." Abstentions have the same effect as votes "AGAINST" this proposal.

For Proposal No. 3, the approval, on a non-binding advisory basis, of the compensation of our named executive officers, you may vote "FOR," vote "AGAINST" or "ABSTAIN." Abstentions have the same effect as votes "AGAINST" this proposal.

For Proposal No. 4, the approval of the Plan, you may vote "FOR," vote "AGAINST" or "ABSTAIN." Abstentions have the same effect as votes "AGAINST" this proposal.

For Proposal No. 5, the adoption of the Declassification Amendment, you may vote "FOR," vote "AGAINST" or "ABSTAIN." Abstentions have the same effect as votes "AGAINST" this proposal.

For Proposal No. 6, the adoption of the Officer Exculpation Amendment, you may vote “FOR,” vote “AGAINST” or “ABSTAIN.” Abstentions have the same effect as votes “AGAINST” this proposal.

If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction form with no further instructions, your shares will be voted in accordance with the recommendations of the Board of Directors (“FOR” each of the Class I nominees to the Board of Directors, “FOR” the ratification of Ernst & Young LLP as our independent registered public accounting firm for 2023, “FOR” approving, on a non-binding advisory basis, the compensation of our named executive officers, “FOR” the approval of the Plan; “FOR” the adoption of the Declassification Amendment; “FOR” the adoption of the Officer Exculpation Amendment; and in the discretion of the proxy holders on any other matters that may properly come before the meeting).

What vote is required to approve each item?

We have a majority voting standard for uncontested elections of directors (Proposal No. 1), which means that to be elected, a director nominee must receive a majority of the votes cast, i.e. the number of shares voted “FOR” a director nominee must exceed the votes cast “AGAINST” that nominee.

The vote of a majority of the shares of our common stock that are present in person or represented by proxy at the 2023 Annual Meeting and entitled to vote is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal No. 2), to approve the advisory resolution on named executive officer compensation (Proposal No. 3), and to approve the Plan (Proposal No. 4).

The affirmative vote of at least 66 2/3% of the voting power of all of the shares of our common stock outstanding as of the Record Date is required for the adoption of the Declassification Amendment (Proposal No. 5) and the adoption the Officer Exculpation Amendment (Proposal No. 6).

Abstentions are deemed to be shares present or represented by proxy and entitled to vote. Abstentions have no effect on Proposal No. 1 and the same effect as a vote against Proposals No. 2, 3, 4, 5, and 6.

If you hold shares beneficially in street name and do not provide your broker or nominee with voting instructions, your shares may constitute “broker non-votes.” Broker non-votes occur when shares held by a broker for a beneficial owner are not voted because the broker did not receive voting instructions from the beneficial owner and lacked discretionary authority to vote the shares. A broker is entitled to vote shares held for a beneficial owner on “routine” matters without instructions from the beneficial owner of those shares. Absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on “non-routine” matters. At our Annual Meeting, only the ratification of Ernst & Young LLP as our independent registered public accounting firm for 2023 is considered a routine matter. The election of directors, the advisory vote on compensation of our named executive officers, the approval of the Plan, the adoption of the Declassification Amendment and the adoption of the Officer Exculpation Amendment are non-routine matters. Broker non-votes are counted for purposes of determining whether a quorum is present. Broker non-votes will have no effect on Proposals No. 1, 2, 3 and 4. Broker non-votes will have the same effect as an against with respect to Proposals No. 5 and 6. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director candidate.

What constitutes a quorum?

The presence at the Annual Meeting of the holders of a majority of the shares of common stock outstanding on the Record Date will constitute a quorum. Your shares are counted as present at the Annual Meeting if you are present and vote at the Annual Meeting or if you have properly submitted a proxy. As of the close of business on the Record Date, there were 72,383,031 shares of our common stock outstanding. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

How are proxies solicited?

Our employees, officers and directors may solicit proxies. We will pay the cost of printing and mailing proxy materials, and will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy material to the owners of our common stock. At this time, we have not engaged a proxy solicitor. If we do engage a proxy solicitor, we will pay the customary costs associated with such engagement.

What happens if only one of the Declassification Amendment (Proposal No. 5) or the Officer Exculpation Amendment (Proposal No. 6) is adopted, or if both are adopted?

Proposals No. 5 and 6 are independent from one another. If our stockholders approve one proposal and not the other (and if the Board of Directors does not abandon the approved proposal after it is adopted by the stockholders), we will file a certificate of amendment reflecting an amendment to the current restated certificate of incorporation that reflects the adopted proposal as soon as practicable after approval by the stockholders.

If our stockholders approve both proposals (and if the Board of Directors does not abandon the approved proposals after they are adopted by the stockholders), we will file a certificate of amendment to the current restated certificate of incorporation that reflects the adopted proposals as soon as practicable after approval by the stockholders.

In addition, we intend to file a restated certificate of incorporation that will integrate the approved amendment(s) (unless abandoned) into a single document, without further amending our certificate of incorporation. Under the Delaware General Corporation Law, this restatement would not require further stockholder approval.

In connection with Proposal No. 5, we approved amended and restated bylaws, which shall become effective contingent upon and subject to stockholder approval of the amendment in Proposal No. 5 to declassify our Board of Directors.

Directors and Nominees

The number of directors is currently set at nine and our Board of Directors is divided into three classes, each serving staggered, three-year terms:

- Our Class I directors are Bonnie H. Anderson, Robert S. Epstein, M.D., M.S., and Evan Jones and their terms will expire at the Annual Meeting;
- Our Class II directors are Muna Bhanji, John L. Bishop and Marc Stapley, and their terms will expire at the annual meeting of stockholders to be held in 2024 (the “2024 Annual Meeting”); and
- Our Class III directors are Eliav Barr, Karin Eastham, and Jens Holstein and their terms will expire at the annual meeting of stockholders to be held in 2025 (the “2025 Annual Meeting”).

Ms. Anderson, a current Class I director, requested that the nominating and governance committee not consider her to serve an additional term as a Class I director. Accordingly, Ms. Anderson’s term as a director will end at the Annual Meeting. The Board of Directors has approved to set the number of directors at eight effective upon the conclusion of the Annual Meeting. The remaining two Class I directors will be elected at the Annual Meeting to serve until the annual meeting of stockholders to be held in 2026 (the “2026 Annual Meeting”) or until their successors are duly elected and qualified, with the other classes of directors continuing to serve for the remainder of their respective terms. If the two nominees receive more votes “FOR” reelection than “AGAINST,” they will be reelected to the Board of Directors. The nominating and corporate governance committee of the Board of Directors has recommended, and the Board of Directors has designated Robert S. Epstein, M.D., M.S., and Evan Jones as the nominees for Class I directors to serve until the 2026 Annual Meeting. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, an event that we do not currently anticipate, proxies will be voted for any nominees designated by the Board of Directors, taking into account any recommendations of the nominating and corporate governance committee, to fill the vacancies.

If our stockholders approve Proposal No. 5 (and if the Board of Directors does not abandon the proposed amendment after it is adopted by the stockholders), the declassification of the Board of Directors will occur as follows:

- the terms of office of those directors elected at the Annual Meeting will expire at the 2026 Annual Meeting;
- the continuing directors whose current terms will expire at the 2024 Annual Meeting and the 2025 Annual Meeting (the Class II directors and the Class III directors, respectively) will serve the remainder of their terms;
- at the 2024 Annual Meeting, the current Class II directors will stand for election for a one-year term expiring at the 2025 Annual Meeting;
- at the 2025 Annual Meeting, the current Class II directors and Class III directors will stand for election for a one-year term expiring at the 2026 Annual Meeting; and
- beginning with the 2026 Annual Meeting, all the nominees for director will stand for election for one-year terms expiring at the next annual meeting of stockholders.

The Board of Directors Recommends a Vote “FOR” Election as Director for Each of the Class I Nominees Set Forth Above.

Director Nominations

The Board of Directors generally nominates directors whose term is scheduled to expire at the next annual meeting of stockholders and appoints new directors to fill vacancies when they arise. The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The nominating and corporate governance committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the board for nomination or election.

The nominating and corporate governance committee evaluates and selects candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. The nominating and corporate governance committee believes that nominees for director should have experience, such as experience in management, accounting, finance, or marketing, or industry and technology knowledge, that may be useful to our company and the Board of Directors, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The nominating and corporate governance committee also believes that service as a director of other public companies provides experience and perspective that may be useful to our company and the Board of Directors. Although our company has no formal diversity policy for board members, the board and the nominating and corporate governance committee consider diversity of backgrounds and experiences and other forms of diversity when selecting nominees.

The nominating and corporate governance committee believes it appropriate for at least one, and, preferably, multiple, members of the Board of Directors to meet the criteria for an “audit committee financial expert” as defined by Securities and Exchange Commission (the “SEC”) rules, and that a majority of the members of the board meet the definition of “independent director” under the rules of The Nasdaq Stock Market. The nominating and corporate governance committee believes it appropriate for certain key members of our management - currently, our Chief Executive Officer - to participate as members of the Board of Directors.

Prior to each annual meeting of stockholders, the nominating and corporate governance committee identifies nominees by evaluating the current directors whose term will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board of Directors with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the nominating and corporate governance committee determines not to re-nominate the director, or if a vacancy is created on the board as a result of a resignation, an increase in the size of the board

or other event, then the nominating and corporate governance committee will consider various candidates for board membership, including those suggested by the committee members, by other board members, by any search firm engaged by the nominating and corporate governance committee and by stockholders. Each of the nominees is a member of the Board of Directors standing for re-election as a director.

A stockholder who wishes to suggest a prospective nominee for the Board of Directors should notify our Secretary or any member of the nominating and corporate governance committee in writing with any supporting material the stockholder considers appropriate. In addition, our amended and restated bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our annual meeting of stockholders. In order to nominate a candidate for director, including in accordance with the SEC’s universal proxy rules, a stockholder must give timely notice in writing to our Secretary and otherwise comply with the provisions of our amended and restated bylaws. To be timely for our 2024 annual meeting, our amended and restated bylaws provide that we must have received the stockholder’s notice not earlier than 5:00 p.m. Eastern Time on February 9, 2024 and not later than 5:00 p.m. Eastern Time on March 10, 2024. Information required by the amended and restated bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934, as amended (“Exchange Act”) and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our amended and restated bylaws and must be addressed to: Secretary, Veracyte, Inc., 6000 Shoreline Court, Suite 300, South San Francisco, California 94080. You may obtain a copy of the full text of this provision of the amended and restated bylaws by writing to our Secretary at the above address.

Director Expertise, Experience and Attributes

The Board of Directors is comprised of a diverse mix of directors with complementary expertise, experience and attributes, as summarized in the table below. Our directors may also have limited experience or attributes in addition to what is reflected in the “Number of Directors” column below. The “Number of Directors” column includes Ms. Anderson who is not standing for re-election at the Annual Meeting and whose term as a director will end at the Annual Meeting.

Expertise, Experience or Attribute	Description	Number of Directors
Biotechnology and Product Development	Significant background working in the biotechnology industry and in management of life sciences companies; experience in product development.	9 of 9

Director Tenure and Age Distribution

We also believe that our current Board of Directors composition represents an effective balance with respect to director tenure and age. Recent director additions provide the Board of Directors with fresh perspectives and diverse experiences, while directors with longer tenure provide continuity and valuable insight into our business and strategy. The following tables provide information regarding the tenure and age distribution of our Board of Directors as of April 10, 2023.

Majority Voting Standard for Director Elections and Director Resignation Policy

Our amended and restated bylaws provide for a majority voting standard for uncontested elections of directors and require that stockholder director nominations include a written statement as to whether the nominee intends to tender an irrevocable resignation upon such nominee’s election or re-election. The majority voting standard provides that, in uncontested director elections, a director nominee will be elected only if the number of votes cast FOR the nominee exceeds the number of votes cast AGAINST the nominee. In addition, our Director Resignation Policy requires each incumbent nominee to submit an irrevocable contingent resignation letter prior to the annual meeting of stockholders in which such election is to take place. This addresses the “holdover” director situation under the Delaware General Corporation Law (“DGCL”) pursuant to which a director remains on the board of directors until such director’s successor is elected and qualified. Such resignation becomes effective only upon (i) such nominee’s failure to receive the requisite number of votes for re-election at any future meeting at which such person would face re-election and (ii) our Board of Directors’ acceptance of such resignation. If the nominee does not receive the requisite number of votes for re-election, our nominating and corporate governance committee will make a recommendation to our Board of Directors as to whether to accept or reject the resignation, or whether other action should be taken. Our Board of Directors will act on the nominating and corporate governance committee’s recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Director Independence

The Board of Directors has determined that, except for Mr. Stapley and Ms. Anderson, each individual who currently serves as a member of our Board of Directors is, and each individual who served as a member of our Board of Directors in 2022 was, an “independent director” within the meaning of Rule 5605 of The Nasdaq Stock Market. Mr. Stapley is not considered independent as he serves as our Chief Executive Officer and Ms. Anderson is not considered independent because she was employed as our Chief Executive Officer during the past three years. For Ms. Bhanji, Mr. Bishop, Ms. Eastham, Dr. Epstein, Dr. Barr, Mr. Holstein and Mr. Jones, the Board of Directors considered their relationship and transactions with us and our security holders.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during 2022 included Karin Eastham, Jens Holstein and Robert S. Epstein. No member of our Compensation Committee in 2022 was at any time during 2022 or at any other time an officer or employee of ours, and none had or have any relationships with us that are required to be disclosed under Item 404 of Regulation S-K. None of our executive officers has served as a member of the Board of Directors, or as a member of the

compensation or similar committee, of any entity that has one or more executive officers who served on our Board of Directors or Compensation Committee during 2022.

Board Meetings

The Board of Directors held eight meetings and acted by written consent two times during 2022. Each director, with the exception of Eliav Barr, M.D., attended at least 75% of the aggregate number of meetings held by the Board of Directors and of the committees on which such director served. Dr. Barr joined the Board of Directors in August 2022 and, due to pre-existing scheduling conflicts when he joined the Board of Directors, was unable to attend two Board meetings, therefore attending 60% of the meetings for 2022. The independent directors meet in executive sessions at regularly scheduled meetings of the Board of Directors without the participation of the Chief Executive Officer or other members of management. We do not have a policy that requires the attendance of directors at the Annual Meeting.

Board Committees

Below is a description of each committee of the Board of Directors. The Board of Directors has determined that each director who serves on the audit, compensation, nominating and corporate governance, and regulatory and compliance committees is “independent,” as that term is defined for such committee by applicable listing standards of The Nasdaq Stock Market, rules of the SEC, and the applicable written charter for each of these committees. The charters of the audit, compensation, nominating and corporate governance, and regulatory and compliance committees are available on the investor section of our website under the corporate governance tab (<https://investor.veracyte.com/corporate-governance>).

Audit Committee and Financial Expert

The current members of the audit committee are Jens Holstein, its Chair, Karin Eastham, and Evan Jones. The audit committee held five meetings during 2022. Our audit committee oversees our corporate accounting and financial reporting process and assists our Board of Directors in oversight of the integrity of our financial statements, our compliance with certain legal and regulatory requirements, our independent auditor’s qualifications, independence and performance, and our internal accounting and financial controls. Our audit committee is responsible for the appointment, compensation, retention and oversight of our independent auditor. The Board of Directors has determined that Mr. Holstein, Ms. Eastham and Mr. Jones each are qualified as an “audit committee financial expert” under the definition outlined by the SEC.

Compensation Committee

The current members of the compensation committee are Karin Eastham, its Chair, Robert S. Epstein and Jens Holstein. The compensation committee held seven meetings and acted by written consent eight times during 2022. Our compensation committee oversees our compensation policies, plans and benefits programs and determines and approves or, in the case of our chief executive officer, makes recommendations to our Board of Directors regarding the compensation of our executive officers. In addition, our compensation committee reviews and approves or makes recommendations to our Board of Directors with respect to our major compensation plans, policies and programs and assesses whether our compensation structure establishes appropriate incentives for officers and employees. The compensation committee also reviews and recommends non-employee directors’ compensation to the full Board of Directors. The compensation committee has the sole authority to select, retain, terminate, and approve the fees and other retention terms of consultants as it deems appropriate to perform its duties.

Nominating and Corporate Governance Committee

The current members of the nominating and corporate governance committee are Robert S. Epstein, its Chair, Muna Bhanji and Evan Jones. The nominating and corporate governance committee held four meetings during 2022. Our nominating and corporate governance committee is responsible for making recommendations to our Board of Directors regarding candidates for directorships and the size and composition of the Board of Directors and its committees. In addition, our nominating and corporate governance committee is responsible for reviewing and making recommendations to our Board of Directors on matters concerning corporate governance and conflicts of interest, as well as recommendations and monitoring of the Company’s Environmental, Social, and Corporate Governance (ESG) efforts.

Regulatory and Compliance Committee

The current members of the regulatory and compliance committee are Evan Jones, its Chair, Muna Bhanji and Eliav Barr. The regulatory and compliance committee held four meetings during 2022. Our regulatory and compliance committee

assists our board in meeting its responsibilities with regard to oversight of our compliance with healthcare legal and regulatory requirements applicable to our business.

Corporate Governance

Structure of the Board of Directors

As part of our regular engagement with our stockholders and our commitment to environmental, social and corporate governance, including our regular review of our corporate governance structure and evaluation of recent trends in corporate governance, we are submitting and recommending approval of a proposal to our stockholders at the Annual Meeting to declassify our Board of Directors, which, if approved by our stockholders, would provide for our Board of Directors to declassify over a three-year period beginning with the directors to be nominated for election at our 2024 annual meeting of stockholders as discussed further under “Proposal No. 6 Adoption of an Amendment to the Current Certificate in Order to Permit the Exculpation of Officers from Personal Liability for Certain Breaches of the Duty of Care.”

Board Leadership Structure and Role in Risk Oversight

Our nominating and corporate governance committee periodically considers the leadership structure of our Board of Directors and makes such recommendations to our Board of Directors as our nominating and corporate governance committee deems appropriate. Our Board of Directors believes it is important to have flexibility in selecting the Chair of the Board of Directors and our board leadership structure. The Board of Directors believes that is currently in the best interests of Veracyte and its stockholder for Dr. Epstein, an independent director, to serve as our Chair. Dr. Epstein has served on our Board of Directors since January 2015 and has deep familiarity with our business and our industry, including in-depth knowledge of the issues, opportunities and challenges facing our company and its business and make him well qualified to serve as our Chair. The Board of Directors believes that this leadership structure provides our Board of Directors with significant strengths and an independent leadership perspective. In his capacity as Chair, Dr. Epstein also serves *ex officio* on all committees of the board and chairs executive sessions of the independent directors. The Board of Directors retains the authority to modify this structure as it deems appropriate. In making board leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and what is in the best interests of our stockholders. Any changes to the leadership structure of our Board of Directors, if made, will be disclosed on the Investor Relations portion of our website, and in our proxy materials. Our Board of Directors, in its sole discretion, may seek input from our stockholders on the leadership structure of the Board of Directors.

Our Board of Directors is responsible for overseeing the overall risk management process at Veracyte. The responsibility for managing risk rests with executive management, while the committees of the Board of Directors and the Board of Directors as a whole participate in the oversight process. The risk oversight process of the Board of Directors builds upon management’s risk assessment and mitigation processes, which include reviews of long-term strategic and operational planning, strategic biopharmaceutical partnerships and material opportunities, executive talent acquisition, retention, and development, compensation and evaluation, reputational, regulatory and legal compliance including those laws and regulations relating to product and service promotional activities, Medicare billing and reimbursement and provision of laboratory services, cybersecurity, privacy and financial reporting and internal controls. The Board of Directors considers strategic risks and opportunities and regularly receives reports from executive management regarding specific aspects of risk management, including but not limited to, our ability to expand our platform, products, and services globally, our ability to achieve the expected benefits from our acquisition of the diagnostic rights to the nCounter Analysis System, and our ability to potentially inform diagnosis and treatment decisions in new oncology indications. Our Board of Directors reviews strategic and operational risk in the context of discussions, question-and-answer sessions, and reports from the management team at each regular Board of Directors meeting, receives reports on all significant committee activities at each regular Board of Directors meeting, and evaluates the risks inherent in significant transactions. Management, under oversight of the Audit Committee, is in the process of conducting its annual enterprise risk management assessment to assess key enterprise risks over different time horizons (short-term (current to six months), mid-term (six to twelve months) and long-term (more than twelve months)). Following such assessment, key risk areas will be shared with the Audit Committee and management will assign owners to each risk who are tasked with reviewing and assessing the contributing factors, evaluating management’s existing risk mitigation capabilities, identifying risk mitigation enhancement considerations and potential future state activities and assessing resources needed to implement desired mitigation enhancements.

Each committee of the Board of Directors meets with key management personnel and representatives of outside advisors to oversee risks associated with their respective principal areas of focus both with management present and in separate executive sessions, as described below. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our Board of Directors leadership structure supports this approach. The audit committee reviews (i) our

major financial risks and enterprise exposures and the steps management has taken to monitor or mitigate such risks and exposures, including our risk assessment and risk management policies, as well as cybersecurity and data privacy risks and risk exposures in other areas, as the audit committee deems appropriate from time to time; (ii) our programs for promoting and monitoring compliance with applicable legal and regulatory requirements, as well as major legal regulatory compliance risk exposures and the steps management has taken to monitor or mitigate such exposures; and (iii) the status of any significant legal and regulatory matters and any material reports or inquiries received from regulators or government agencies that reasonably could be expected to have a significant impact on our financial statements. The compensation committee reviews major compensation- and human capital-related risk exposures and the steps management has taken to monitor or mitigate such exposures. The nominating and corporate governance committee reviews and assesses risks relating to our corporate governance practices, reviews and assesses our performance, risks, controls, and procedures relating to corporate responsibility and sustainability, including environmental, social and governance (“ESG”) matters, reviews the independence of our Board of Directors, and reviews and discusses our Board of Directors’ leadership structure and role in risk oversight. The regulatory and compliance committee assists the Board of Directors with oversight of the Company’s compliance with legal and regulatory requirements.

Oversight of Corporate Strategy

One of our Board of Directors’ key responsibilities is overseeing management’s formulation and execution of corporate strategy. Our Board of Directors actively oversees management’s establishment and execution of corporate strategy, including major business and organizational initiatives, annual budget and long-term strategic plans, capital allocation priorities, potential corporate development opportunities, and risk management. At its regularly scheduled meetings and throughout the year, our Board of Directors receives information and formal updates from our management and actively engages with the senior leadership team with respect to our corporate strategy. Our Board of Directors’ diverse skill set and experience enhances its ability to support management in the execution and evaluation of our corporate strategy. The independent members of our Board of Directors also hold regularly scheduled executive sessions at which strategy is discussed.

Cybersecurity Risk Oversight

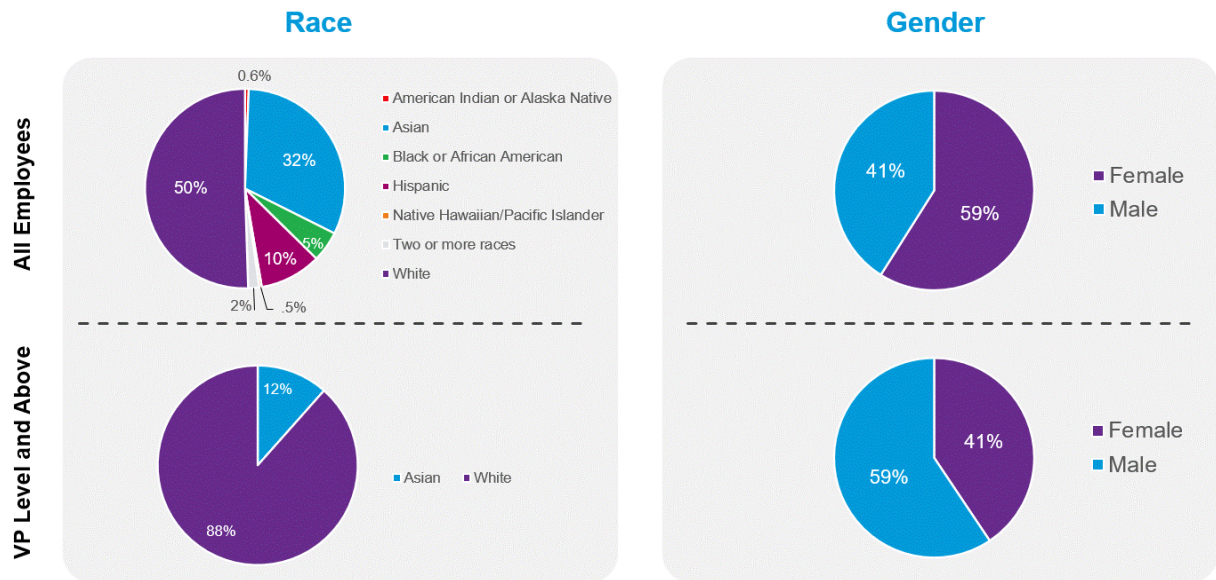

Securing the information of our patients, users, team members, vendors, and other third parties is important to us. We continue to adopt appropriate physical, technological, and administrative controls. While everyone at our company plays a part in managing these risks, oversight responsibility is shared by our Board of Directors, our audit committee, and management, including our Chief Information Officer.

We provide regular cybersecurity updates in the form of written reports and presentations to our audit committee at our quarterly meetings. Our audit committee regularly reviews results from our cybersecurity testing and remediation plans, our cybersecurity roadmap, and the threat landscape. Additionally, we leverage the National Institute of Standards and Technology Cyber Security Framework to address standards, guidelines and best practices to manage cybersecurity risk, and we engage third-party partners for risk assessments, penetration tests and program enhancements. We continue to raise cybersecurity awareness with our employees through training and reinforcement, including simulated phishing campaigns. We also maintain information security risk insurance coverage.

Veracyte’s Approach to Human Capital Management

Our People. At December 31, 2022, we had 787 employees, of which 246 work in laboratory operations, 126 in research and development and clinical development, 194 in selling and marketing, and 221 in general and administrative, including 86 in billing and client services, 35 in information technology and 32 in finance. None of our employees in the U.S are the subject of collective bargaining arrangements. Our employees in France belong to local works councils, subject to customary collective bargaining arrangements under local law. Our management considers its relationships with employees to be good.

Diversity, Inclusion, and Belonging. We believe in an inclusive workforce, where people of diverse backgrounds are represented, engaged and empowered to inspire innovative ideas and decisions. In the United States, women comprise 59% of our employees, including more than half of our executive leadership team and 41% at the Vice President level and above, as of December 31, 2022. Three of our nine directors were women, as of December 31, 2022. Additionally, as of December 31, 2022, 50% of our U.S. employees were non-White. We strive to further advance diversity among our employees, executives, and our Board of Directors and believe that the resulting range of employee ideas, experiences and perspectives strengthens our company. In 2022, we sponsored employees in the launch of our first Employee Resource Group, Veracyte Women’s Leadership (VWL). We will continue to promote diversity, inclusion, equity, and belonging through our culture work and individual initiatives to support and empower all employees.

Race – U.S. based only; Gender – Global; as of December 31, 2022

We pride ourselves on our strong culture, which encourages innovation, collaboration, and mutual respect. We were named a Bay Area “Top Workplace” by the Bay Area News Group in 2022, marking the ninth consecutive year we received this distinction. This award is based solely on employee feedback gathered through an anonymous, third-party survey. At the beginning of 2022, we sent a culture survey to all employees globally as part of a company-wide initiative to activate our culture in support of our overall corporate strategy. The survey had a response rate of 79% and provided valuable insights into ways to bolster our talent programs and identify areas for improvement. Importantly, the results also informed and helped us define a new set of core values across the company: Patients; Innovation; Results; Collaboration; and Compassion. Individual members of our leadership team have volunteered to sponsor each aspirational value to ensure the values are embedded into our culture.

We are committed to supporting our employees’ long-term success by investing in training programs and educational opportunities to help foster personal and professional growth. We have implemented general and job-specific training programs so that employees can gain the necessary qualifications for their position and can continue to develop and grow within the company. In France, we work closely with the democratically elected employee works council to support effective communication and collaboration.

Board of Directors Evaluations

We conduct an annual self-evaluation process for our Board of Directors and its committees. As part of this process, each member of our Board of Directors individually completes a detailed survey prepared by outside counsel to discuss their assessment of the performance of the Board of Directors and its committees, their own performance, and the performance of fellow members of the Board of Directors. The feedback received is then shared with the nominating and corporate governance committee, and then presented to and discussed with the full Board of Directors.

Our Board of Directors evaluation process is used:

- by our Board of Directors and nominating and corporate governance committee to assess the current composition of our Board of Directors and its committees and make recommendations for the qualifications, expertise, and characteristics we should seek in identifying potential new directors;
- by our Board of Directors and nominating and corporate governance committee to identify the strengths and areas of opportunity of each member of our Board of Directors and to provide insight into how the contributions of each member of our Board of Directors can be most valuable;
- to improve the quality of discussion and materials presented to the Board of Directors and its committees so that information they receive enables them to function most effectively and to address the issues they consider most critical; and

- by our nominating and corporate governance committee as part of its annual review of each director's performance when considering whether to nominate the director for re-election to the Board of Directors.

Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to: Secretary, Veracyte, Inc., 6000 Shoreline Court, Suite 300, South San Francisco, California 94080. The Secretary will review any communications received from a stockholder and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the board based on the subject matter.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our officers and employees. The Code of Business Conduct and Ethics sets forth the basic principles that guide the business conduct of our employees. We have also adopted a Senior Financial Officers' Code of Ethics that specifically applies to our Chief Executive Officer, our Chief Financial Officer and key management employees. Stockholders may request a free copy of our Code of Business Conduct and Ethics and our Senior Financial Officers' Code of Ethics by contacting Veracyte, Inc., Attention: Chief Financial Officer, 6000 Shoreline Court, Suite 300, South San Francisco, California 94080.

We also maintain a whistleblower and compliance hotline where employees or partners may confidentially and anonymously report any concerns about potential misconduct. We launched a Compliance and Business Ethics page on our [veracyte.com](http://www.veracyte.com) website in 2022 to allow for ease of reporting through our hotline.

To date, there have been no waivers under our Code of Business Conduct and Ethics or Senior Financial Officers' Code of Ethics. We intend to disclose future amendments to certain provisions of our Code of Business Conduct and Ethics or Senior Financial Officers' Code of Ethics or waivers of such Codes granted to executive officers and directors on our website at <http://www.veracyte.com> within four business days following the date of such amendment or waiver.

As a result of our global expansion, beginning in 2021 we required all employees to complete Foreign Corrupt Practices Act training through an online platform and relaunched our Anti-Corruption Policy in 2022.

2022 Director Compensation

For 2022, our Compensation Committee engaged Aon’s Human Capital Solutions practice, a division of Aon plc (“Aon”) (formerly known as Radford), an independent compensation consultant, to provide an analysis of non-employee director compensation, including an analysis of compensation paid to non-employee directors by companies in our peer group (as described in “Compensation Discussion and Analysis - 2022 Peer Group”), and an assessment of both the equity compensation and an evaluation of the type of equity instruments being awarded. The following table sets forth cash amounts and the value of equity compensation awarded to, earned by, or paid to our non-employee directors for their service in 2022. Mr. Stapley and Ms. Anderson are not included in the table below as neither received compensation for service as a director in 2022. The compensation received by Mr. Stapley as employees is shown in the “Executive Compensation—Summary Compensation Table” below.

(1) Amounts represent the aggregate fair value of the awards computed as of the grant date of each award in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”) for financial reporting purposes, rather than amounts paid to or realized by the named individual. Our assumptions with respect to the calculation of these values are set forth in the Notes to Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2022. There can be no assurance that stock awards will settle (in which case no value will be realized by the individual) or that the value on settlement will approximate the fair value as computed in accordance with ASC 718.

(2) The following sets forth the number of shares of common stock subject to outstanding options or stock awards held by non-employee directors at December 31, 2022:

Name	Number of Shares
Eliav Barr	20,721
Muna Bhanji	22,425
John L. Bishop	99,731
Karin Eastham	113,481
Robert S. Epstein	89,731
Kevin K. Gordon	20,000
Jens Holstein	49,731
Evan Jones	84,731

(3) Dr. Barr was appointed to our Board of Directors on August 9, 2022.

(4) Mr. Gordon’s term on our Board of Directors expired at the 2022 Annual Meeting of Stockholders on June 15, 2022.

Directors who are employees do not receive any fees or equity awards for their service on the Board of Directors or any committee. In February 2022, our compensation committee and Board of Directors reviewed our then-current non-

employee director compensation program and competitive market data on the same, determined to retain the cash retainer without change from 2021 and to decrease the equity awards from 2021, as detailed below.

Cash Retainers

- \$40,000 annual cash retainer for service on our Board of Directors;
- \$20,000 annual cash retainer for the chair of our audit committee and \$10,000 for each of its other members;
- \$15,000 annual cash retainer for the chair of our compensation committee and \$7,500 for each of its other members;
- \$10,000 annual cash retainer for the chair of our nominating and corporate governance committee and \$5,000 for each of its other members;
- \$10,000 annual cash retainer for the chair of our regulatory and compliance committee and \$5,000 for each of its other members; and
- \$25,000 additional annual cash retainer for the lead independent director (as needed).

All annual cash retainers are payable quarterly in arrears and are pro-rated for partial service in any year. We also reimburse our non-employee directors for their reasonable out-of-pocket costs and travel expenses in connection with their attendance at Board of Directors and committee meetings in accordance with our travel policy.

In February 2023, our compensation committee and Board of Directors reviewed our then-current non-employee director compensation program and competitive market data on the same, determined to retain the cash retainer without change from 2022 (as detailed above) other than to provide that the chair of the Board of Directors will receive an annual cash retainer of \$80,000 in lieu of the \$40,000 annual cash retainer for general service on the Board of Directors and also determined to retain the equity awards without change from 2022 (as detailed below).

Equity Awards

Our compensation program for non-employee directors provides for the grant of restricted stock units (“RSUs”) to our non-employee directors, as described below. Our compensation policy for non-employee directors currently provides that any non-employee director who first joins our Board of Directors is automatically granted RSUs valued on the grant date at \$500,000 (decreased from \$600,000 in 2021) (the “Initial RSUs”). The Initial RSUs will vest as to one-third of those shares on each of the first, second and third annual anniversaries of the date of grant. In addition, on the first business day after each annual meeting of stockholders, each non-employee director who continues to serve on our Board of Directors and who has served as a director for at least six months will be automatically granted RSUs valued on the grant date at \$250,000 (decreased from \$300,000 in 2021) (the “Annual RSUs”). The Annual RSUs will vest in full on the first anniversary of the date of grant or, if earlier, the date of the next annual meeting of stockholders. These grants and their terms are set forth in our 2013 Stock Incentive Plan. The vesting of the options and RSUs described above will accelerate in full upon a “change in control” as defined in our 2013 Stock Incentive Plan. Pursuant to the terms of the 2013 Stock Incentive Plan, no non-employee director may receive equity awards under our 2013 Stock Incentive Plan that, when combined with cash compensation received for service as a non-employee director, exceeds \$750,000 in value in any calendar year, which amount shall instead be \$1,500,000 in value in the calendar year in which such director first joins our Board of Directors.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has appointed Ernst & Young LLP as our independent registered public accounting firm for 2023. Ernst & Young LLP has audited our financial statements since 2014. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Independent Registered Public Accounting Firm Fees and Services

The following table presents fees billed for professional audit services and other services rendered to us by Ernst & Young LLP for 2022 and 2021.

	Year Ended December 31,	
	2022	2021
Audit Fees(1)	\$ 2,206,118	\$ 2,437,913
Audit-related Fees(2)	—	48,500
Tax Fees(3)	—	164,800
All Other Fees(4)	1,645	3,285
Total	<u>\$ 2,207,763</u>	<u>\$ 2,654,498</u>

(1) Audit fees include fees and out-of-pocket expenses, whether or not yet invoiced, for professional services provided in connection with the audit of our annual financial statements and review of our quarterly financial statements.

(2) Audit-related fees include fees for consultations on accounting and reporting matters for acquisitions.

(3) Tax fees consist of tax consulting services.

(4) Other fees consist of consultations not related to audit or tax fees and access to an online accounting literature database.

Pre-approval Policies and Procedures

Our audit committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. All of the services provided were pre-approved to the extent required. During the approval process, the audit committee considers the impact of the types of services and the related fees on the independence of the independent registered public accounting firm. The services and fees must be deemed compatible with the maintenance of that firm's independence, including compliance with rules and regulations of the SEC. Throughout the year, the audit committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification will require the vote of a majority of the shares present and entitled to vote at the Annual Meeting. Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our amended and restated bylaws or otherwise. However, the Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that such a change would be in the best interests of our company and our stockholders.

The Board of Directors Recommends a Vote "FOR" Ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm.

PROPOSAL NO. 3

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the rules of the SEC, we are providing stockholders with an opportunity to make a non-binding, advisory vote on the compensation of our named executive officers. This non-binding advisory vote is commonly referred to as a "say on pay" vote. The non-binding advisory vote on the compensation of our named executive officers, as disclosed in this Proxy Statement, will be determined by the vote of a majority of the shares present at the Annual Meeting or voting by proxy and entitled to vote. Abstentions have the same effect as votes "AGAINST" this proposal.

Stockholders are urged to read the “Executive Compensation” section of this Proxy Statement, which discusses how our executive compensation policies and procedures implement our compensation philosophy and contains tabular information and narrative discussion about the compensation of our named executive officers. The compensation committee and the Board of Directors believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving our goals. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that our stockholders approve, on a non-binding advisory basis, the compensation of the named executive officers, as disclosed in the Proxy Statement pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion and the other related disclosures.”

As an advisory vote, this proposal is not binding. However, our Board of Directors and compensation committee, which is responsible for designing and administering our executive compensation program, value the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

The Board of Directors Recommends a Vote “FOR” Approval, on a Non-Binding Advisory Basis, of the Compensation of our Named Executive Officers.

PROPOSAL NO. 4

APPROVAL OF THE VERACYTE, INC. 2023 EQUITY INCENTIVE PLAN

We are asking our stockholders to approve our new Veracyte, Inc. 2023 Equity Incentive Plan (the “Plan”). If approved by our stockholders, the Plan will replace our 2013 Stock Incentive Plan (the “Prior Plan”), which was adopted in connection with our initial public offering and expires on October 2, 2023. If the Plan is approved by our stockholders, the Plan will become effective on June 8, 2023, the date of our Annual Meeting.

If stockholders do not approve the Plan, the Prior Plan will continue in its current form and expire on October 2, 2023, after which we will not be able to provide equity incentives to attract and retain talent.

We are not requesting an increase to the number of reserved shares available for grant under the Prior Plan as of the date of our Annual Meeting (the “Remaining Prior Plan Pool”). Rather, if this Plan is approved, the Remaining Prior Plan Pool would roll over into the Plan and become available for grant under the Plan. As of March 31, 2023, there were 5,315,328 shares in the Remaining Prior Plan Pool.

In addition, any shares subject to awards, including shares subject to awards granted under the Prior Plan that are outstanding on the date of our Annual Meeting, that are cancelled, forfeited, repurchased, expire by their terms without shares being issued or are used to pay the exercise price of an option or stock appreciation right or withheld to satisfy the tax withholding obligations related to any award, will be returned to the pool of shares available for grant and issuance under the Plan.

Once the Plan becomes effective, no additional shares will be issued under the Prior Plan. Outstanding awards under the Prior Plan will remain outstanding, unchanged and subject to the terms of the Prior Plan and the respective award agreements, until the expiration of such awards in accordance with their terms.

Equity Compensation Is a Critical Element of Our Compensation Program

In light of the impending expiration of our Prior Plan, approval of the Plan will allow us to continue to provide equity incentives to attract, retain and motivate talented individuals who will help expand our business and achieve our strategic objectives, to the benefit of all of our stockholders and in the best interest of the Company.

We believe that our future success and our ability to remain competitive are dependent on our ability to attract, retain and motivate highly qualified talent. Competition for talent in our industry is intense. The use of equity compensation, including the grant of options, restricted stock units and certain performance-based restricted stock units, has historically been a significant part of our overall compensation philosophy and a cornerstone of our method for attracting and retaining top caliber employees. Allowing employees to acquire or increase their ownership stake in us aligns their interests with those of our stockholders, creating strong incentives for our employees to work hard for our future growth and success.

A broad-based equity incentive program focuses our employees who receive grants on achieving strong corporate performance, and we have embedded in our culture the necessity for employees to think and act as stockholders. We currently grant RSUs to the majority of our newly hired employees, RSUs and stock options to our executives and RSUs to our non-employee directors. We also grant performance-based restricted stock units (“PSUs”) to certain of our executives and anticipate continuing to do so in the future. This is an important component of our long-term employee incentive and retention plan and has been very effective in enabling us to attract and retain the talent critical for an innovative and growth-focused company.

If the Plan is not approved by our stockholders, our Prior Plan will remain in effect only through October 2, 2023. If the Plan is not approved, we will not be able to grant stock options, RSUs or other forms of equity incentives and we would be forced to consider cash replacement alternatives to provide a market-competitive total compensation package necessary to attract, retain and motivate the employee talent critical to our future successes. These cash replacement alternatives could, among other things, reduce the cash available for investment in growth and development and cause a loss of motivation by employees to achieve superior performance over a longer period of time. Accordingly, if the Plan is not approved, we would likely be required to again seek approval from our stockholders for a share increase under the Prior Plan or a new equity incentive plan at a special meeting prior to our 2024 annual meeting of stockholders, which would increase costs and would be a distraction from our management team’s execution of our business goals.

We Carefully Consider and Forecast Our Need for Shares

We are requesting approval of the roll-over of the Remaining Prior Plan Pool, which totaled 5,315,328 shares as of March 31, 2023. In addition, any shares subject to awards, including shares subject to awards granted under the Prior Plan that are outstanding on the effective date of the Plan, that are cancelled, forfeited, repurchased, expire by their terms without shares being issued or are used to pay the exercise price of an option or stock appreciation right or withheld to satisfy the tax withholding obligations related to any award will be returned to the pool of shares available for grant and issuance under the Plan.

After carefully forecasting our anticipated growth rate for the next few years and considering our historical usage and forfeiture rates, we currently believe that the proposed share reserve under the Plan will be sufficient for us to make anticipated grants of equity incentive awards under our current compensation program for approximately one to two years. However, a change in business conditions, company strategy or equity market performance could alter this projection.

In evaluating the number of shares initially reserved for grant under the Plan, our Compensation Committee considered a number of factors, including the costs of the share request as well as an analysis of certain burn rate and dilution metrics as summarized below.

Grant Practices

During the past three fiscal years, we granted equity awards under our Prior Plan as summarized in the chart below. Our three-year average burn rate was approximately 3.15% for fiscal years 2020 through 2022 (see chart below for a calculation of our three-year burn rate).

We define “burn rate” as the number of time-based equity awards granted during the year plus performance-based equity awards earned during the year, divided by the weighted average total number of shares of common stock outstanding.

The burn rate figures included below are based on equity awards granted under our Prior Plan, and exclude potential dilution resulting from shares issued pursuant to our Amended and Restated Employee Stock Purchase Plan (the “ESPP”). As we continue to mature our compensation practices, we strive to achieve a burn rate and overhang at approximately the average rates of our peer group, and that are within the limits recommended by certain independent stockholder advisory groups.

Fiscal Year	Granted Appreciation Awards (Options and SARs)(1)	Granted Full-Value Awards (RSUs)(2)	Weighted Common Stock Outstanding as of December 31st of the applicable year	Burn Rate
2020	983,900	451,709	53,239,231	2.70%
2021	677,851	1,168,896	67,890,328	2.72%
2022	1,132,620	1,746,249	71,549,204	4.02%

- (1) All Options granted during 2020, 2021 and 2022 included a time-based vesting schedule.
(2) Includes both time-based RSUs and PSUs (assuming target-level achievement) granted during 2020, 2021 and 2022.

Potential Dilution

As of March 31, 2023:

- There were 72,383,016 total shares of our common stock outstanding.
- The closing market price of our common stock on March 31, 2023 was \$22.30.
- The Company’s outstanding stock options have a weighted average per share exercise price of \$21.41 and a weighted average remaining contractual term of 6.3 years.
- The following table shows outstanding equity awards granted and outstanding under the Prior Plan and our 2008 Stock Plan, and the number of shares remaining for grant under our Prior Plan, in each case as of March 31, 2023.

Plan	Outstanding appreciation awards (options) under all plans	Full value awards outstanding under all plans (including PSUs at target)	Number of shares available for grant
Prior Plan	4,011,755	3,049,269	5,315,328
2008 Stock Plan	750	—	—
Total	4,012,505	3,049,269	5,315,328

Based on this information, as of March 31, 2023, our outstanding equity awards (not including awards under our ESPP) plus shares available for future grant under our Prior Plan represented approximately 17% of our common stock outstanding, which we refer to as our “overhang.”

Accordingly, our Board of Directors believes that the request to roll-over the Remaining Prior Plan Pool is reasonable and prudent. This number of shares should allow us to continue to grant awards to our employees, consultants, officers and directors, which have been successful in attracting high-performing personnel and generating stockholder value, going forward and to be able to respond to growth, market competition and potential stock price fluctuations.

Good Governance and Compensation Practices

The Plan contains a number of provisions that we believe are consistent with the interests of our stockholders and good corporate governance and compensation practices, including:

- No evergreen;
- No option repricing without stockholder approval;
- No “liberal” change in control definition;
- No dividends on unvested awards;
- No excise tax gross ups;
- No automatic single trigger acceleration on a change in control;
- Minimum exercise price;
- Limits on non-employee director cash and equity compensation; and
- The ability to clawback awards under our clawback policies and/or any recoupment requirements imposed under applicable law or listing standards.

Purpose of the Plan

Approval of the Plan will enable us to continue to offer equity awards to attract and retain talented employees, directors, consultants, independent contractors and advisors and further align their interests and those of our stockholders by continuing to link a portion of their compensation with our performance.

The Plan will also reflect the best current compensation practices that implement strong governance-related protections for our stockholders, as described in the “Summary of the 2023 Equity Incentive Plan” section.

If approved by our stockholders, the Plan will be effective on the date of stockholder approval. We intend to register the additional shares authorized under the Plan under the Securities Act. If our stockholders do not approve the Plan, the Plan will not become effective and the Prior Plan will remain effective through its termination date of October 2, 2023.

Summary of the 2023 Equity Incentive Plan

The following is a summary of the principal features of the Plan. This summary, however, does not purport to be a complete description of all of the provisions of the Plan. It is qualified in its entirety by reference to the full text of the Plan, a copy of which is attached hereto as [Appendix A](#).

Background; Purpose

The Plan was adopted by our Board of Directors on April 12, 2023 and serves as the successor to the Prior Plan. Subject to our stockholder’s approval, the Plan will become effective on the date of our Annual Meeting, and will terminate 10 years after the date approved by our Board of Directors. The purpose of the Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to our success.

Eligibility

Employees, officers, directors, consultants, independent contractors and advisors of the Company or any parent, subsidiary or affiliate of the Company are eligible to receive awards. As of March 31, 2023, we had four executive officers (as such term is defined under Rule 16a-1(f)), eight non-employee directors and approximately 800 other employees and other service providers who would be eligible to participate in the Plan.

Administration

The Plan will be administered by the Compensation Committee, all of the members of which are non-employee directors under applicable federal securities laws and outside directors as defined under applicable federal tax laws. The Compensation Committee will act as the plan administrator and have the authority to construe and interpret the Plan, grant awards, determine the terms and conditions of awards and make all other determinations necessary or advisable for the administration of the plan (subject to the limitations set forth in the Plan). However, our Board of Directors establishes the terms for the grant of awards to non-employee directors as discussed above under “—*Director Compensation*”.

Share Reserve

If stockholders approve the Plan, there will be a number of shares equal to the Remaining Prior Plan Pool, which totaled 5,315,328 shares as of March 31, 2023 authorized under the Plan, subject to adjustment only to reflect stock splits and similar events.

In addition, the following shares underlying awards granted under the Plan will become available for grant under the Plan: (a) shares subject to issuance upon exercise of a stock option or stock appreciation right granted under the Plan but which cease to be subject to the option or stock appreciation right for any reason other than exercise of the stock option or stock appreciation right; (b) shares subject to awards granted under the Plan that are forfeited or are repurchased by the company at the original issue price; (c) shares subject to awards granted under the Plan that otherwise terminate without such shares being issued; (d) shares surrendered pursuant to a stockholder-approved Exchange Program, and (e) shares that are used to pay the exercise price of an Award or withheld to satisfy the tax withholding obligations related to an Award.

In addition, the following shares underlying awards granted under the Prior Plan will become available for grant under the Plan: (a) shares that are subject to awards granted under the Prior Plan that cease to be subject to such awards by forfeiture or otherwise after the Effective Date, (b) shares issued under the Prior Plan, including shares issued pursuant to the exercise of

stock options, that are forfeited after the Effective Date, (c) shares issued under the Prior Plan that are repurchased by the Company at the original issue price after the Effective Date, (d) shares that are subject to awards granted under the Prior Plan that are settled in cash after the Effective Date; and (e) shares that are subject to awards granted under the Prior Plan that are used to pay the exercise price of an award or withheld to satisfy the tax withholding obligations related to an award after the Effective Date.

Shares that otherwise become available for grant and issuance shall not include shares subject to awards that initially became available because of the Company's substitution or assumption of awards granted by another company in connection with an acquisition of such company, or otherwise, as permitted under the Plan.

Equitable Adjustments

As is typical in equity plans, in the event of a change in our common stock via a stock dividend, extraordinary dividend or distribution (whether in cash, shares, or other property, other than a regular cash dividend), recapitalization, stock split, reverse stock split, subdivision, combination, consolidation, reclassification, spin-off, or similar change in the capital structure of the company without consideration, proportionate adjustments will be made to the number and class of shares reserved for issuance and future grant under the Plan (including the maximum number and class of ISOs (as defined below)) and the applicable exercise prices of and number and class of shares subject to outstanding awards, subject to any required action by the Board of Directors or the stockholders of the Company.

Equity Awards

The Plan will permit us to grant the following types of awards:

Stock Options. The Plan provides for the grant of Incentive Stock Options ("ISOs") and Non-qualified Stock Options ("NQSOs"). ISOs may be granted only to our employees or employees of our parent, subsidiaries and affiliates. NQSOs may be granted to eligible employees, consultants and directors of any of our parent, subsidiaries or affiliates. We are able to issue no more than 15,000,000 shares pursuant to the grant of ISOs under the Plan. The Compensation Committee determines the terms of each option award, provided that ISOs are subject to statutory limitations. The Compensation Committee also determines the exercise price for a stock option, provided that the exercise price of an option may not be less than the fair market value of our common stock on the date of grant (with certain additional requirements for certain ISOs).

Options granted under the Plan vest at the rate and/or subject to performance requirements specified by the Compensation Committee and such vesting schedule is set forth in the stock option agreement to which such stock option grant relates. The Compensation Committee determines the term of stock options granted under the Plan, up to a term of ten years (with certain additional requirements for certain ISOs).

After the option holder ceases to provide services to us, he or she is able to exercise his or her vested option for the period of time stated in the stock option agreement to which such option relates. Generally, the vested option will remain exercisable for three months after an optionee's cessation of service, except in the case of termination due to death, disability or termination for cause. An option may not be exercised later than its expiration date.

Restricted Stock Units. RSUs represent the right to receive shares of our common stock at a specified date in the future, subject to forfeiture of such right due to termination of employment or failure to achieve specified performance goals. RSUs do not have exercise price. If the RSUs have not been forfeited, then on the date specified in the award agreement we will deliver to the holder of the RSUs shares of our common stock, cash or a combination of our common stock and cash as specified in the applicable award agreement.

Restricted Stock Awards. A restricted stock award is an offer by us to sell shares of our common stock subject to restrictions that the Compensation Committee may impose. These restrictions may be based on completion of a specified period of service with us or upon the achievement of performance goals during a performance period. The Compensation Committee determines the price of a restricted stock award. Unless otherwise set forth in the award agreement, vesting will cease on the date the participant no longer provides services to us, and at that time unvested shares will be forfeited to us or subject to repurchase by us.

Stock Bonus Awards. A stock bonus is an award of shares of our common stock for past or future services to us. Stock bonuses can be granted as additional compensation for performance and, therefore, are not issued in exchange for cash. The Compensation Committee determines the number of shares to be issued as stock bonus and any restrictions on those shares. These restrictions may be based on completion of a specified period of service with us or upon the achievement of performance

goals during a performance period. Unless otherwise set forth in the award agreement, vesting ceases on the date the participant no longer provides services to us, and at that time unvested shares will be forfeited to us or are subject to repurchase by us.

Stock Appreciation Rights. Stock appreciation rights provide for a payment, or payments, in cash or shares of our common stock to the holder based upon the difference between the fair market value of our common stock on the date of exercise and the stated exercise price of the stock appreciation right. Stock appreciation rights may vest based on time or achievement of performance goals.

Performance Awards. A performance award is an award of a cash bonus or a bonus denominated in shares or units that is subject to performance factors. The award of performance shares may be settled in cash or by issuance of those shares (which may consist of restricted stock). These awards are subject to forfeiture because of termination of employment or failure to achieve the performance conditions.

Performance Factors

The Compensation Committee may establish performance goals from the performance criteria set forth in the Plan, which include the following: profit before tax; billings; revenue; net revenue or return on operating revenue; earnings (which may include earnings before interest and taxes, earnings before taxes, net earnings, stock-based compensation expenses, depreciation, and amortization); operating income; operating margin; operating profit; controllable operating profit or net operating profit; net profit; gross margin; cost, operating expenses or operating expenses as a percentage of revenue; net income; earning per share; total stockholder return or relative total stockholder return; market share or market segment share; return on assets or net assets; the company's stock price; growth in stockholder value relative to a pre-determined index; return on equity; return on capital or on invested capital; cash flow (including free cash flow or operating cash flows) or cash flow margins; cash conversion cycle; economic value added; individual confidential business objectives; contract awards or backlog; overhead or other expense reduction; credit rating; strategic plan development and implementation; succession plan development and implementation; improvement in workforce diversity; customer indicators and/or satisfaction; new product invention or innovation; achievement of target levels of discovery and/or development of products and services, including but not limited to research or regulatory achievements; attainment of research and development milestones; third party coverage and/or reimbursement objectives; test volume metrics; improvements in productivity; bookings; attainment of objective operating goals and employee metrics; sales; expenses; balance of cash, cash equivalents, and marketable securities; completion of an identified special project; completion of a joint venture or other corporate transaction; employee satisfaction and/or retention; research and development expenses; working capital targets and changes in working capital; net new annual contract value; net expansion rate; and any other metric that is capable of measurement as determined by the Compensation Committee. The Compensation Committee may provide for one or more equitable adjustments to the performance criteria to preserve Compensation Committee's original intent regarding such criteria at the time of the initial award grant, such as but not limited to, adjustments in recognition of unusual or non-recurring items such as acquisition related activities or changes in applicable accounting rules.

Stockholder Approval Required for Repricing, Exchange and Buyout

The Compensation Committee may not, without the approval of our stockholders, (i) reprice any Options or SARs, (ii) lower the exercise price per share of any award after it is granted or (iii) cancel any award when the exercise price per share exceeds the fair market value of one share in exchange for cash or another award.

Insider Trading; Clawback Policy

Each participant who receives an award will comply with any policy adopted by the company from time to time covering transactions in our securities by employees, officers and/or directors.

All awards will be subject to clawback or recoupment pursuant to any compensation clawback or recoupment policy adopted by the Board of Directors or required by law during the term of the participant's employment or other service, and in addition to any other remedies available under such policy and applicable law, we may require the cancellation of outstanding awards and the recoupment of any gains realized with respect to awards.

Restrictions on Dividends and Dividend Equivalents

A participant will have no right to payment of stock dividends or stock distributions with respect to unvested shares, and any such dividends or stock distributions will be accrued and paid only at such time, if any, as such unvested shares become vested shares and are no longer subject to restrictions and risk of forfeiture.

Change in Control

If we undergo a Corporate Transaction (as defined in the Plan), the Plan provides that outstanding awards shall be subject to the definitive agreement related thereto, and may be assumed, converted, replaced or substituted by the successor or acquiring entity, or by a parent or subsidiary of the successor or acquiring entity, for substantially equivalent awards (including, but not limited to, an award to acquire the same consideration paid to the stockholders pursuant to the Corporate Transaction), in each case after taking into account appropriate adjustments to the exercise price and the number and nature of shares subject to such awards as may be necessary or desirable under applicable law and the Internal Revenue Code, may be fully accelerated or may be settled for their intrinsic value (which may be determined to be zero). In the event such successor or acquiring corporation (if any) refuses to assume, convert, replace or substitute awards, or awards are not settled for their intrinsic value, pursuant to a Corporate Transaction, then such awards shall have their vesting accelerate as to all shares subject to such award (and any applicable right of repurchase fully lapse) immediately prior to the Corporate Transaction, with the acceleration of performance awards based on the greater of actual performance through the date of the Corporate Transaction or target performance, and then such awards will terminate.

Awards need not be treated similarly in a Corporate Transaction and treatment may vary from award to award and/or from participant to participant.

In the event of a Corporate Transaction, the vesting of all awards granted to our non-employee directors will accelerate and such awards will become exercisable (as applicable) in full upon the consummation of such event at such times and on such conditions as the Compensation Committee determines.

Foreign Award Recipients

In order to comply with the laws in other countries in which we and our subsidiaries and affiliates operate or have employees or other individuals eligible for awards, the Compensation Committee will have the power and authority to modify the terms and conditions of any award granted to individuals outside the United States to comply with applicable foreign laws, establish subplans and modify exercise procedures and other terms and procedures, and take any action that the Compensation Committee determines to be necessary or advisable to comply with any local governmental regulatory exemptions or approvals.

Transferability of Awards

Unless the Compensation Committee provides otherwise, the Plan does not allow for the transfer of awards, other than by will or the laws of descent and distribution, and generally only the recipient of an award may exercise it during his or her lifetime.

Grants to Non-Employee Directors

Grants to non-employee directors are eligible to receive any type of award offered under the Plan except ISOs. No non-employee director may receive awards under the Plan that, when combined with cash compensation received for service as a non-employee director, exceeds \$750,000 in value in any calendar year (\$1,500,000 in the calendar year in which such non-employee director first joins the Board of Directors). Awards under the Plan may be granted to non-employee directors, may be automatically made pursuant to a policy adopted by the Board of Directors, or made from time to time as determined in the discretion of the Board of Directors.

Amendment and Termination

The Board of Directors is permitted to amend or terminate the Plan at any time, subject to stockholder approval where required. In addition, no amendment that is detrimental to a participant in the Plan may be made to an outstanding award without the consent of the affected participant unless such termination or amendment is necessary to comply with applicable law, regulation or rule. Provided the Plan is approved by our stockholders at the Annual Meeting, and unless terminated earlier in accordance with its terms, the Plan will terminate ten years from April 12, 2023, the date the Plan was adopted by the Board of Directors.

Federal Income Tax Consequences.

The following is a general summary under current law of certain U.S. federal income tax consequences to participants who are citizens or individual residents of the United States relating to the types of equity awards that may be granted under the

Plan. This summary deals with the general tax principles and is provided only for general information. Certain kinds of taxes, such as foreign taxes, state and local income taxes, payroll taxes and the alternative minimum tax, are not discussed.

Nonqualified Stock Options, Stock Appreciation Rights. A recipient of an NSO or stock appreciation right will not recognize taxable income upon the grant of those awards. However, the participant will recognize ordinary income upon exercise in an amount equal to the difference between the fair market value of the shares and the exercise price on the date of exercise. Any gain or loss recognized on a subsequent disposition of the shares of common stock generally will be short-term or long-term capital gain or loss, depending on the length of time the recipient holds the shares.

Incentive Stock Options. Neither the grant nor the exercise of an incentive stock option will generally result in any taxable income to the recipient, except that the alternative minimum tax may apply at the time of exercise. The recipient will recognize a capital gain or loss on a later sale or other disposition of such shares provided the he or she does not dispose of such shares within two years from the date the option was granted or within one year after the shares were acquired by the recipient. If the shares are not held for holding period described above, the recipient will recognize ordinary income equal to the lesser of (i) the difference between the fair market value of the shares on the date of exercise and the exercise price, or (ii) the difference between the sales price and the exercise price. Any gain or loss recognized on a subsequent disposition of the shares of common stock generally will be short-term or long-term capital gain or loss, depending on the length of time the recipient holds the shares.

Restricted Stock Units. A holder of RSUs does not recognize taxable income when the RSUs are granted. The recipient of the award generally will recognize ordinary income in each year in which the units vest in an amount equal to the fair market value of the shares of common stock received. Any gain or loss recognized on a subsequent disposition of the shares of common stock generally will be short-term or long-term capital gain or loss, depending on the length of time the recipient holds the shares.

Other Awards. The grant of Restricted Stock Awards, Stock Bonus Awards and Performance Shares generally will generally not be a taxable event. Generally, the recipient will recognize ordinary income equal to the excess of the fair market value over the price paid, if any, in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture (unless, with respect to an award of restricted stock, the recipient elects to accelerate recognition as of the date of grant).

In each of the foregoing cases, we will generally have a corresponding deduction at the time the participant recognizes ordinary income, subject to Section 162(m) of the Internal Revenue Code and the relevant income tax regulations. Section 162(m) places a limit of \$1 million on the amount of compensation that we may deduct as a business expense in any year with respect to certain of our most highly paid executive officers. We may from time to time pay compensation to our executives that may not be deductible if the Compensation Committee believes that doing so is in the best interests of our stockholders.

ERISA Information. The Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

New Plan Benefits

Our named executive officers and members of our Board of Directors have an interest in this proposal by virtue of them being eligible to receive equity awards under the Plan.

No awards have been made under the Plan, and no awards have been granted that are contingent on the approval of the Plan. Awards under the Plan would be made at the discretion of the Compensation Committee or the Board of Directors. Therefore, the benefits and amounts that will be received or allocated under the Plan in the future are not determinable at this time.

Currently, our non-employee directors are entitled to receive cash and equity compensation for their service as directors as described above under “—*Director Compensation*”.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information about our common stock that may be issued under our equity compensation plans as of December 31, 2022:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (1)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	3,738,058 (2)	\$21.10	6,927,330 (3)
Equity compensation plans not approved by security holders	—	—	—
Total	3,738,058	\$21.10	6,927,330

- (1) The weighted-average exercise price does not reflect the shares that will be issued in connection with the settlement of performance stock units and restricted stock units, since such units have no exercise price.
- (2) Excludes purchase rights accruing under the ESPP.
- (3) Consists of 5,591,977 shares available for issuance under our 2008 Stock Plan and the Prior Plan, and 1,335,353 shares available for purchase under our ESPP.

The Board of Directors Recommends a Vote “FOR” the Approval of the Veracyte, Inc. 2023 Equity Incentive Plan.

PROPOSAL NO. 5

ADOPTION OF AN AMENDMENT TO THE CURRENT CERTIFICATE IN ORDER TO DECLASSIFY OUR BOARD OF DIRECTORS

Under our current restated certificate of incorporation (the “Current Certificate”), the Board of Directors is divided into three classes, with members of each class holding office for staggered three-year terms. We are asking stockholders to adopt the Declassification Amendment in order to declassify the Board of Directors and provide for the annual election of directors, as well as to revise related provisions of the Current Certificate, as described below. The Declassification Amendment also reflects certain conforming, administrative and technical changes to the Current Certificate, including technical corrections to Article X. The Board of Directors has approved and adopted the proposed Declassification Amendment and declared it to be advisable and in the best interests of Veracyte and its stockholders, and recommends that the stockholders adopt the Declassification Amendment.

Article VI of the Current Certificate currently provides that the Board of Directors shall be divided into three classes, designated Class I, Class II and Class III, each to consist as nearly as possible of one third of the total number of directors, with the term of office of one class expiring each year and directors in each class being elected to three-year terms. If the proposed Declassification Amendment is adopted by our stockholders, it would implement a gradual declassification of the Board of Directors and provide for the annual election of directors for one-year terms, commencing upon the expiration of the directors’ current three-year terms. If adopted by the stockholders, the Declassification Amendment would first apply to directors standing for election beginning with the Annual Meeting of Stockholders to be held in 2024, and the declassification of the Board of Directors would be phased in over a period of three years. The Declassification Amendment would not shorten the existing terms of the Class II and Class III directors, or the terms of the Class I directors nominated for election at the Annual Meeting. Accordingly, directors who previously have been elected for three-year terms or portions thereof (including directors nominated for election at the Annual Meeting) will be entitled to complete those terms, and thereafter they or their successors would be elected for one-year terms at each annual meeting of stockholders. Beginning with the 2026 Annual Meeting the Board of Directors would cease to be classified and the entire Board of Directors would stand for election annually for one-year terms.

In addition, Delaware law provides that directors serving on boards of directors that are not classified may be removed for or without cause, whereas currently our directors can be removed only for cause since the Board of Directors is classified. The proposed Declassification Amendment would permit stockholders to remove directors elected for one-year terms with or

without cause. Directors in a class that is serving out the remainder of a three-year term would continue to be removable only for cause.

The description of the proposed Declassification Amendment set forth above is qualified in its entirety by reference to the text of the proposed Declassification Amendment, which is attached as Appendix B to this Proxy Statement. Additions to the Current Certificate are indicated by underlining, and deletions to the Current Certificate are indicated by strike-outs.

In deciding to approve the Declassification Amendment and to recommend that the stockholders vote to adopt the Declassification Amendment, the Board of Directors considered the advantages and disadvantages of maintaining a classified board structure. A classified Board of Directors can benefit stockholders by: promoting continuity and stability of the Board of Directors; encouraging directors to take a long-term perspective; reducing Veracyte's vulnerability to coercive takeover tactics and special interest groups that may not be acting in the best interests of all stockholders; and enhancing the independence of non-management directors by providing them with a longer term of office and insulating them against pressure from management or special interest groups. While the Board of Directors continues to believe that these are important benefits, the Board of Directors, based on feedback from stockholders, has also considered that a classified board structure may have the effect of reducing the accountability of directors to stockholders, and recognizes the benefit of providing stockholders an annual opportunity to express their satisfaction or dissatisfaction with the actions of the Board of Directors. In addition, the Board of Directors believes it is important for the Board of Directors to maintain stockholder confidence by demonstrating that it is responsive and accountable to stockholders and committed to strong corporate governance. Therefore, following consideration of the matter, and due to its belief that a declassified board structure provides more accountability to stockholders and promotes stronger corporate governance, the Board of Directors, on its own initiative, has adopted resolutions to approve the Declassification Amendment, to declare the Declassification Amendment advisable and in the best interests of Veracyte and its stockholders and to submit the Declassification Amendment to its stockholders for consideration.

In connection with its approval of the proposed Declassification Amendment, the Board of Directors has also approved amended and restated bylaws (the "Restated Bylaws"), which shall become effective following the effectiveness of the Declassification Amendment. The Restated Bylaws would, among other things, implement changes intended to conform the provisions thereof to the provisions of the Current Certificate, after giving effect to the Declassification Amendment. The Restated Bylaws do not require stockholder approval.

The affirmative vote of at least 66 $\frac{2}{3}$ % of the voting power of all of the shares of our common stock outstanding as of the Record Date is required to adopt the Declassification Amendment. If our stockholders adopt the Declassification Amendment, the Board of Directors has authorized our officers to file a certificate of amendment that reflects the Declassification Amendment with the Delaware Secretary of State, and such certificate of amendment would become effective upon such filing. The Board of Directors intends to make that filing if and as soon as practicable after this proposal is approved at the Annual Meeting. However, even if our stockholders adopt the Declassification Amendment, the Board of Directors may abandon the Declassification Amendment without further stockholder action prior to the effectiveness of the filing of the certificate of amendment reflecting the Declassification Amendment with the Delaware Secretary of State and, if abandoned, the Declassification Amendment will not become effective. If the Board of Directors abandons Declassification Amendment, it will publicly disclose that fact and the reason for its determination.

If this proposal is not approved, or if the Board of Directors abandons the Declassification Amendment, then the Declassification Amendment will not be adopted, and the current classified structure of the Board of Directors, the Current Certificate and Veracyte's current bylaws will remain in place. The approval of this proposal is not conditioned on the approval of any other proposal.

The Board of Directors Recommends a Vote "FOR" Adoption of an Amendment to the Current Certificate in Order to Declassify our Board of Directors.

PROPOSAL NO. 6

ADOPTION OF AN AMENDMENT TO THE CURRENT CERTIFICATE IN ORDER TO PERMIT THE EXCULPATION OF OFFICERS FROM PERSONAL LIABILITY FOR CERTAIN BREACHES OF THE DUTY OF CARE

Section 102(b)(7) of the Delaware General Corporation Law was amended effective August 1, 2022 to permit a Delaware corporation's certificate of incorporation to include a provision that limits or eliminates (i.e., exculpates) the monetary liability of certain officers for breaches of the fiduciary duty of care as officers in certain actions. This exculpation would not protect such officers from liability for breach of the duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction in which the officer derived an improper

personal benefit. Nor would this exculpation shield such officers from liability for claims brought by or in the right of the corporation, such as derivative claims. In addition, only certain officers may be exculpated from liability: (i) a corporation's president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer; (ii) an individual identified in public filings as one of the most highly compensated officers of the corporation; and (iii) an individual who, by written agreement with the corporation, has consented to be identified as an officer for purposes of Delaware's long-arm jurisdiction statute. The proposed amendment would eliminate the liability of these statutorily defined officers as described above, but will not be retroactive, and will not apply to any act or omission occurring prior to the effectiveness of the amendment.

Article VIII of the Current Certificate provides for the elimination of personal liability of our directors for monetary damages for breaches of the duty of care as directors. We are asking our stockholders to adopt the Officer Exculpation Amendment, which would provide for the elimination of personal liability of the above-mentioned officers from monetary damages for breaches of the duty of care as officers in certain actions, as described above.

If this proposal is not approved or is abandoned by the Board of Directors, then the Officer Exculpation Amendment will not become effective and Veracyte's officers will continue to potentially face personal liability for breaches of the duty of care in all actions.

The description of the Officer Exculpation Amendment as set forth above is qualified in its entirety by reference to the text of the Officer Exculpation Amendment, which is attached to this proxy statement as Appendix C. Additions to the Current Certificate are indicated by underlining, and deletions to the Current Certificate are indicated by strikeouts.

The Board of Directors has approved and adopted the Officer Exculpation Amendment, declared it to be advisable and in the best interests of Veracyte and its stockholders and recommended that the stockholders adopt the Officer Exculpation Amendment.

The Board of Directors believes that providing protection to officers to the fullest extent permitted by law is necessary to attract and retain highly qualified senior leadership, especially since we expect competitor companies to adopt similar exculpation clauses. The nature of the role of officers often requires them to make decisions on crucial matters often in time-sensitive situations, which can create risk of investigations, claims or proceedings seeking to impose liability on the basis of hindsight, especially in the current litigious environment and regardless of merit. Limiting concern about personal risk would empower both directors and officers to best exercise their business judgment in furtherance of stockholder interests and can benefit stockholders by encouraging appropriate risk taking that could result in greater innovation and growth. Exculpation could also reduce legal costs for Veracyte by discouraging lawsuits over matters covered by exculpation. This protection has long been afforded to directors, and the Board of Directors believes that extending similar exculpation to its officers is fair and in the best interests of Veracyte and its stockholders.

The affirmative vote of at least 66 2/3% of the voting power of all of the shares of our common stock outstanding as of the Record Date is required to adopt the Officer Exculpation Amendment. If our stockholders adopt the Officer Exculpation Amendment, the Board of Directors has authorized our officers to file a certificate of amendment that reflects the Officer Exculpation Amendment with the Delaware Secretary of State, and such certificate of amendment would become effective upon such filing. The Board of Directors intends to make that filing if and as soon as practicable after this proposal is approved at the Annual Meeting. However, even if our stockholders adopt the Officer Exculpation Amendment, the Board of Directors may abandon the Officer Exculpation Amendment without further stockholder action prior to the effectiveness of the filing of the certificate of amendment reflecting the Officer Exculpation Amendment with the Delaware Secretary of State and, if abandoned, the Officer Exculpation Amendment will not become effective. If the Board of Directors abandons the Officer Exculpation Amendment, it will publicly disclose that fact and the reason for its determination. The approval of this proposal is not conditioned on the approval of any other proposal.

The Board of Directors Recommends a Vote "FOR" Adoption of an Amendment to the Current Certificate in Order to Permit the Exculpation of Officers from Personal Liability for Certain Breaches of the Duty of Care.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the number of shares of common stock beneficially owned on March 31, 2023, by:

- each person who is known by us to beneficially own 5% or more of our common stock;
- each of our named executive officers and directors; and

- all of our current executive officers and directors as a group.

We have determined beneficial ownership in accordance with SEC rules. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and dispositive power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 72,383,016 shares of common stock outstanding at March 31, 2023. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options and RSUs held by that person that are currently exercisable or settleable or exercisable or settleable within 60 days of March 31, 2023. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Except as otherwise set forth below, the address of each beneficial owner is 6000 Shoreline Court, Suite 300, South San Francisco, California 94080.

Executive Summary

In 2022, we continued our strong performance through exceptional execution on the top line and bottom line through disciplined financial and budget management. We have also continued to build executive depth under the stewardship of our CEO, Marc Stapley. In 2022, we broadened the role of our CFO, Rebecca Chambers, as she took on additional operational responsibilities to drive efficiency and financial discipline across our global business. We also added Annie McGuire as our General Counsel in February 2022 and have expanded her role as our Chief People Officer in January 2023. This coupled with our strong development capabilities has led to new innovative offerings and testing which is poised to drive growth ahead. We are proud of our accomplishments during 2022 including how our leaders have continued to navigate the global economic markets and ongoing uncertainty in the healthcare markets.

Certain financial and operational highlights of 2022 included:

Total Revenues: \$296.5 million *(increase of 35% over 2021)*
 • **Testing Revenue:** \$250.5 million *(increase of 33% over 2021)*

Contributions from the acquisitions of Decipher and HalioDx,

The Decipher acquisition expanded our genomic testing menu into urologic cancers and provides us with the Decipher GRID (Genomic Resource for Intelligent Discovery), a platform and database that helps drive biopharmaceutical partnerships, KOL engagement and pipeline development in urologic cancers. We have continually expanded our GRID research use only product and data through collaboration with key healthcare professionals and academic institutions.

The HalioDx acquisition brought us the capabilities and expertise to develop and manufacture our own IVD test kits for use on the nCounter Analysis System, and deepened our scientific expertise into the rapidly growing area of immuno-oncology, particularly as it relates to our biopharma business opportunities. Our offerings to our biopharma partners are bolstered by the HalioDx acquisition as our partners focus on the implications of the tumor microenvironment using tools such as Immunoscore IC, Immunosign, our Brightplex technology, and our Veracyte Biopharma Atlas reference database to inform their drug development programs. Immunogram, our multi-modal platform, provides a comprehensive understanding of the tumor immune microenvironment by seamlessly integrating data from a variety of genomic, transcriptomic, and proteomic platforms.

Grew test volume to 102,524 in 2022 *(increase of 30% over 2021)*

Published multiple **clinical studies** for the Decipher, Afirma, Percepta and Envisia genomic classifiers.

Broadened the **clinical evidence** for the Decipher Prostate Genomic Classifier and received the highest level of evidence (Level 1) for validation in the NCCN Guidelines.

Continued enrolling the Percepta Nasal Swab test for improved early detection of lung cancer through the Nightingale clinical utility study.

Pay Program Overview

We believe that the design and structure of our pay program, and, in particular our incentive plans, support our business strategy and organizational objectives while successfully aligning executive focus and interest with that of stockholders. Our compensation programs are designed to reward our executives for superior short- and long-term performance. All pay elements, and the safeguards and governance features of the program, have been carefully chosen and implemented to align with our pay philosophy and objectives.

In doing so, our Compensation Committee uses the following framework to achieve these objectives:

Base Salary	<ul style="list-style-type: none"> • Base salaries are set to be competitive within our industry and are important in attracting and retaining talented executives. • Base salaries are fixed pay set with consideration for responsibilities, experience, individual contribution expectations and market data.
Annual Cash Incentives	<ul style="list-style-type: none"> • The annual cash incentive award plan is intended to motivate and reward our executives for the achievement of certain strategic goals of Veracyte set by our Board of Directors. • In 2022, our annual incentives were based on key corporate objectives, including product revenue, cash flow from operations, and advancement of our product portfolio as well as individual contributions.
Long-Term Equity Incentives	<ul style="list-style-type: none"> • Long-term equity awards incentivize executives to deliver long-term stockholder value, while also providing a retention vehicle for our top executive talent. • Equity awards are typically delivered as: <ul style="list-style-type: none"> ◦ Stock options ◦ RSUs ◦ PSUs

2022 Target Pay Mix

Consistent with our philosophy of aligning executive pay with Veracyte's short- and long-term performance, and to align the interests of management and stockholders, our compensation programs are designed such that the majority of executive compensation is in the form of variable, at-risk, incentive pay. For 2022, our Compensation Committee structured target pay packages for our CEO and NEOs as follows:

CEO Pay Mix

NEO Pay Mix

Notes: Includes target annual cash-based incentives and the grant date fair value of annual equity grants, but excludes retention grants and new hire equity grants.

Compensation Governance

Our Compensation Committee is responsible for oversight of Veracyte's compensation program and practices. The committee maintains a pay program defined by robust corporate governance and a commitment to stockholder interests. We

have committed to numerous practices and safeguards to ensure the compensation program does not misalign those interests. These include:

What We Do	<ul style="list-style-type: none"> • Pay-for-performance philosophy and culture • An appropriate mix of short and long-term incentives for our executives • Responsible use of shares under our long-term incentive program • Perform an annual risk assessment of our compensation program • Appropriate stock ownership requirements for all executives and non-executive directors • “Double-trigger” change-in-control provisions • Annually conduct Say-on-Pay vote • Engage an independent compensation consultant • Have an independent compensation committee
What We Don't Do	<ul style="list-style-type: none"> • No excise tax gross-ups • No excessive perquisites • No repricing of stock option awards without stockholder approval • No discounted stock option awards • No hedging or pledging of our stock

Say-on-Pay Results

Veracyte received approximately 91.7% support from stockholders for our 2022 say-on-pay proposal. The Compensation Committee is appreciative of this support and believes it indicates that stockholders are supportive of our pay program structure and the alignment we have created between management and stockholder interests. The Compensation Committee will continue to consider the results of future stockholder votes, along with other forms of stockholder input and feedback, when structuring executive pay.

Executive Compensation Philosophy and Objectives

We have designed our executive compensation program to reward our executive officers, including our named executive officers, at a level consistent with our overall strategic and financial performance and to provide remuneration sufficient to attract, retain, and motivate them to exert their best efforts in the highly competitive environment in which we operate. We believe in providing competitive compensation packages consisting of a combination of base salary, an annual cash bonus, and long-term incentive opportunities in the form of equity awards that are earned over a multi-year period. We believe the approach that has been adopted by our Compensation Committee, with an emphasis on variable cash compensation and equity awards, enables us to attract top talent, motivate successful short-term and long-term performance, satisfy our retention objectives, and align the compensation of our executive officers with our performance and long-term value creation for our stockholders.

Compensation Determination Process

Role of Compensation Committee

Our Compensation Committee oversees our compensation policies, plans and benefits programs and determines and approves or makes recommendations to our Board of Directors regarding the compensation of our executive officers. In addition, our Compensation Committee reviews and approves or makes recommendations to our Board of Directors with respect to our major compensation plans, policies and programs and assesses whether our compensation structure establishes appropriate incentives for officers and employees. The Compensation Committee conducts an annual review of all components of executive compensation for all executive officers and approves compensation for all executive officers other than our Chief Executive Officer, for whom it recommends compensation to the Board of Directors. Chief Executive Officer compensation and overall bonus achievement are then approved by the independent members of our Board of Directors. The Compensation Committee also reviews and recommends non-employee directors' compensation to the full Board of Directors on an annual basis. The Compensation Committee has the sole authority to select, retain, terminate and approve the fees and other retention terms of consultants as it deems appropriate to perform its duties.

Role of Management

Veracyte's Chief Executive Officer is involved in the design and implementation of our executive compensation and is typically present at Compensation Committee meetings, except that the Chief Executive Officer is not present during any voting or deliberations on his compensation. In 2022, the Chief Executive Officer reviewed the analysis and recommendations of Aon's Human Capital Solutions practice, a division of Aon plc ("Aon"), with the Compensation Committee and made recommendations regarding proposed salary, cash bonus opportunities and equity awards for our officers (other than himself). Management also participates in conducting annual risk assessments and ensuring that any risks involving compensation are properly mitigated. The Compensation Committee exercises its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations and approves all compensation and equity awards for all executive officers other than the Chief Executive Officer.

Role of Independent Compensation Consultant

The Compensation Committee retains an independent compensation consultant to provide professional expertise regarding a variety of executive compensation and market practices. The independent consultant assists the Compensation Committee in setting compensation and designing a comprehensive plan. In 2022, the Compensation Committee retained Aon to provide the Compensation Committee with the following services, focusing on all compensation components.

In 2022, Aon assisted the Compensation Committee with, among other things:

- Reviewing and modifying the compensation peer group;
- Executive and director market pay analysis;
- Development of executive and director pay programs;
- Evaluation of equity pay market analysis;
- Examining the change in control and severance arrangement; and
- Updating certain proxy disclosures, including this CD&A.

The Compensation Committee annually evaluates the independent compensation consultant's independence and performance under the applicable SEC and Nasdaq listing standards. The Compensation Committee believes that working with an independent compensation consultant furthers our objectives to recruit and retain qualified executives, align their interests with those of stockholders and ensure that their compensation packages will appropriately motivate and reward ongoing achievement of business goals. The Compensation Committee conducted a specific review of its relationship with Aon in 2022, pursuant to the SEC rules and Nasdaq listing standards, and concluded that Aon's work for the Compensation Committee did not raise any conflicts of interest.

Use of Competitive Data

To assess the competitiveness of our executive compensation program and compensation levels, our Compensation Committee, with the assistance of Aon, examines the competitive compensation data for senior executives of our peer companies examining pay overall, and each pay element. The Compensation Committee uses a peer group to reference recent market data and understand the marketplace.

However, the Compensation Committee also recognizes the importance of flexibility and considers other factors as well, such as individual performance, experience, history and scope of responsibility, current market conditions and the specific needs of the business at critical points in time. The Compensation Committee uses its best business judgment in setting pay with the peer group data as a reference point rather than as specific benchmark. The Compensation Committee conducts an annual assessment of the peer group to ensure that it reflects Veracyte's most current financial and sector-specific standing.

2022 Peer Group

For our 2022 Peer Group, Aon helped the Compensation Committee identify companies similar to us with respect to sector and market capitalization, as well as revenue and headcount, to provide a broad perspective on competitive pay levels and practices. The Compensation Committee also considers criteria from outside investors and the talent market when selecting the final criteria and list of companies. The following criteria was applied in developing the peer group used for 2022 compensation decisions:

- **Sector** - Biotechnology/Pharmaceuticals, Life Sciences Tools and Services, and Health Care Equipment & Supplies companies;
- **Market Capitalization** - 0.25x to 3x Veracyte's market capitalization; and
- **Revenue** - 0.5x to 4x Veracyte's projected revenues.

Using these criteria, in September 2021 the following 20 companies were approved to comprise our 2022 peer group:

Adaptive Biotechnologies	Berkeley Lights	CareDx
Castle Biosciences	Codexis	Exact Sciences
Fluidigm	Guardant Health	Invitae
Maravai LifeSciences*	Myriad Genetics*	NanoString Technologies
Natera	NeoGenomics	OraSure Technologies
Pacific Biosciences of California	Personalis*	Quanterix
Twist Bioscience*	Vericel	

* New in 2022. GenMark Diagnostics, Intersect ENT, and Luminex were removed from the list of companies from the prior year.

At the time of approval, Veracyte was around the 50th percentile for both market cap and revenue reinforcing the balance in the group of companies.

Consideration of Compensation Risk

Our compensation governance practices provide an appropriate framework for our executives to achieve our strategic goals without encouraging them to take excessive risks in their business decisions.

On an annual basis, the Compensation Committee conducts a thorough risk assessment of our compensation programs and practices to analyze whether they encourage employees to take excessive or inappropriate risks. After conducting this analysis, the Compensation Committee concluded our compensation programs are, on balance, consistent with market practice and do not present material risks to us. The reasons for the Compensation Committee's determination include the following:

- We structure our compensation programs to consist of both fixed and variable components. The fixed (or base salary) component of our compensation programs is designed to provide income independent of our stock price performance so that employees will not focus exclusively on stock price performance to the detriment of other important business metrics. The variable (cash bonus and equity) components of our compensation programs are designed to reward both short- and long-term company performance, which we believe discourages employees from taking actions that focus only on our short-term success and helps align our employees with our stockholders and on our longer-term success.
- We maintain internal controls over the measurement and calculation of financial information, which are designed to prevent this information from being manipulated by any employee, including our executive officers.
- While we generally do not cap cash incentive awards for our sales commissions plans to maximize the incentive for our sales force to meet and exceed their revenue and other commercial objectives, we do maintain internal controls over the determination of sales incentive awards, which we believe help prevent problematic behaviors.
- Our employees are required to comply with our Code of Conduct, which covers, among other things, accuracy in keeping financial and business records.
- As part of our Insider Trading Policy, we prohibit the trading of derivatives or hedging transactions involving our securities so that our Board, executive officers and all other employees cannot insulate themselves from the effects of poor stock price performance or engage in trading that is not aligned with value creation for our stockholders.

Elements of Our Executive Compensation Program

To maintain a competitive and comprehensive pay package, we utilize three primary compensation vehicles to reward our executives: base salary, annual cash incentives, and long-term equity compensation. When setting our compensation practices, we ensure that our program will focus our executive officers on leading our entire organization toward achieving both short-term and long-term strategic, financial and operational goals, and increasing stockholder value, without encouraging excessive risk-taking.

2022 Base Salaries

Base salaries serve to provide fixed cash compensation to our executive officers for performing their ongoing responsibilities. Base salaries for our executive officers are approved by the Compensation Committee upon the executive

joining us, and then reviewed and adjusted, as appropriate, by the Compensation Committee on an annual basis, in consultation with Aon and based on consideration of various factors, including:

- The individual's role and responsibilities;
- Individual contribution and performance of the past year;
- Overall experience and expertise;
- Current Veracyte base salary;
- Corporate performance; and
- Salaries for similar positions within our industry.

Our Compensation Committee and, with respect to our Chief Executive Officer, the independent members of the Board of Directors, approved the following base salaries for our named executive officers in February 2022 in a similar manner, and at similar levels as our companywide practices. The salary for Ms. McGuire, who joined Veracyte in February 2022, was approved in connection with her appointment:

Executive	2021 Base Salary	2022 Base Salary	% Change
Marc Stapley	\$600,000	\$625,000	4.2%
Rebecca Chambers	\$450,000	\$463,500	3.0%
Giulia C. Kennedy (1)	\$469,050	\$500,000	6.6%
Annie McGuire (2)	\$—	\$400,000	N/A
Tina Nova	\$475,000	\$500,000	5.3%

(1) Ms. Kennedy departed from the company effective December 31, 2022.

(2) Ms. McGuire was hired as General Counsel in February 2022.

2022 Annual Cash Incentives

We provide our executives, including our NEOs, with the opportunity to annually earn cash incentives to encourage the achievement of corporate objectives, and to reward those individuals who significantly impact our corporate results. Payments under our annual bonus plan are based on the achievement of corporate goals established by our Board of Directors. Actual performance against these metrics funds the annual bonus plan pool and threshold levels of performance must be met for the pool to be funded.

Each of our NEOs participated in our 2022 annual bonus plan. Executive officers who participate in this plan have an established annual incentive target, which is equal to a percentage of their base salary. The actual earned annual incentive bonus, if any, is calculated based on the bonus plan pool funding, pre-established Company performance metrics and any adjustments for individual performance as assessed by the Compensation Committee (taking into consideration the assessment by the Chief Executive Officer) for the NEOs, and by the Board of Directors for the Chief Executive Officer. For 2022, our NEOs had the annual bonus target opportunities set forth in the table below. There was no change to the target percentages from 2021 for incumbent NEOs. The maximum funding under the plan is 125% of target.

Executive	Target Annual Incentive (as % of base salary)
Marc Stapley	100%
Rebecca Chambers	55%
Giulia Kennedy (1)	55%
Annie McGuire	40%
Tina Nova	75%

(1) Ms. Kennedy departed from the company effective December 31, 2022.

2022 Bonus Plan Awards

In February 2022, the independent members of our Board of Directors, on the recommendation of the Compensation Committee, approved corporate goals for our 2022 annual bonus plan. Under the plan, eligible employees, including our NEOs, were eligible to receive a cash bonus if we achieved the corporate goals approved by our Board of Directors, as described in the

table below. With respect to our NEOs, the bonus pool could be funded from 0% to 100% based upon achieving certain annual revenue, cash flow from operations, pipeline/product and reimbursement goals as follows:

Financial (50%)	Pipeline/Product Development (25%)	Clinical/BioPharma (25%)
<ul style="list-style-type: none"> • 2022 total revenue of \$284M (to achieve target payout level) (40%) • 2022 ending cash balance of \$140M (10%) 	<ul style="list-style-type: none"> • NCounter development project progression • PGA Launch • IVD Manufacturing Transfer progression • Assay tech development and transfer 	<ul style="list-style-type: none"> • Establish reimbursement strategy for Nasal Swab • Envisia clinical trial enrollment progression • Improve gross margin on testing revenue • Nightingale site activations and patient enrollments

Once the bonus pool is established based on Veracyte’s performance against the metrics above, an individual multiplier (between 80% and 120%) is applied based on each individual NEO’s contribution to our performance, as determined through an assessment of performance by the Chief Executive Officer with respect to the other NEOs. For 2022, the annual incentive bonus for the Chief Executive Officer was determined based solely on Veracyte performance and did not include an individual performance multiplier. Actual annual performance bonus awards paid out under the plan could be greater or less than the NEOs’ individual targets, as determined by the independent members of our Board of Directors at their discretion, considering the recommendation of the Compensation Committee.

The Compensation Committee selected revenue as the primary financial performance measure to be used to determine annual cash bonuses as it is the best indicator of our growth in terms of aggregate test volume and sales, and successful execution of our annual operating plan. In addition, the Compensation Committee selected our cash balance as a second key measure to determine annual cash bonuses. This provided an incentive to manage our cash expenditures and navigate toward eventual profitability as we continue to grow. Together, these two metrics comprise 50% of the targeted payout under the 2022 Bonus Plan. In addition, given the importance of continuing to develop our product pipeline, the Compensation Committee selected certain product development milestones to determine an aggregate of 25% of the targeted payout. Finally, the Compensation Committee selected certain clinical and biopharma goals to determine an aggregate of 25% of the targeted payout because achievement of such goals will help to expand our tests commercially available and increase the number of patients we serve.

In February 2023, the independent members of our Board of Directors, on the recommendation of the Compensation Committee, approved cash bonus awards for 2022 performance. For 2022, our total revenue was \$296.5 million, which exceeded our goal of \$284 million (an increase over the 2021 goal of \$200 million and actual result of \$219.5 million). For 2022, we determined our ending cash balance was approximately \$154 million which exceeded our goal of greater than \$140 million. Additionally, we achieved certain target goals for “pipeline/product development” and “clinical/biopharma”. While certain milestones were not met for our “pipeline/product development” and “clinical/biopharma” goals, the Company produced extensive achievements in additional, vital areas, that the Compensation Committee considered in funding the Bonus Pool accordingly.

Each metric is calculated individually, and the sum of the calculations determines the potential bonus pool payout:

Metric	Weighting	Minimum (75%)	Target (100%)	Maximum (125%)	Actual
Financial:					
Total Revenue	40%	\$271M	\$284M	\$297M	\$296.5M
Ending Cash Balance	10%	—	\$140M	—	\$179M
Pipeline/Product Development	25%	—	—	—	—
Clinical/BioPharma	25%	—	—	—	—
Total	100%				

All our NEOs were compensated under this Veracyte plan. Based on a review of all goals and accomplishments, the independent members of our Board of Directors and Compensation Committee determined that the corporate goals were achieved at 84%, with 20% and 5% achieved in Pipeline/Product Development and Clinical/Biopharma respectively. The Board further determined that it was appropriate to fund the bonus pool, and pay annual cash bonuses to all employees, including NEOs, at a greater achievement rate of 100% of the corporate goals. In making this determination to exercise positive discretion, the Board of Directors and Compensation Committee acknowledged that missed achievements within the “pipeline/

product development” and “clinical/biopharma” goals were superseded by the Company’s extensive achievements (such as, among others, integral strategic portfolio decisions to allocate resources accordingly to drive growth, overcoming major supply chain issues with little impact on patients, successful cultural and infrastructure achievements in furtherance of global integration, and successful adoption and launch of important product differentiators) beyond those laid out at the start of 2022 as well as the outperformance on both established financial metrics. Our NEOs’ earned annual incentives for 2022 were as follows:

Executive	Original FY 2022 Opportunity			Actual		
	2022 Base Salary	2022 Target Bonus (as a % of base salary)	Target Bonus (\$)	Corporate Multiplier	Individual Performance Multiplier	2022 Earned Bonus
Marc Stapley ⁽¹⁾	\$625,000	100%	\$625,000	100%	N/A	\$625,000

⁽³⁾ Ms. McGuire received a pro-rated bonus for the period served in her role.

Equity Compensation

A significant portion of executive pay is delivered as long-term incentives, or equity awards, which are designed to align executive officers’ interests with stockholder interests, promote retention through the reward of long-term company performance, and encourage ownership in our company. Equity awards are designed to encourage high performance by and long-term tenure for executive officers, thereby strongly aligning executive officers’ interests with the interests of our stockholders.

We grant equity awards in the form of stock options and RSUs. We believe that stock options, which are granted with exercise prices equal to the fair market value of our common stock on the date of grant and vest over a four-year period, provide an appropriate long-term incentive for our executive officers, as the stock options provide value only to the extent that our stock price increases above the exercise price set at the date of grant. Likewise, we believe that RSU awards reward our executive officers with long-term stock price appreciation while simultaneously helping us retain our executive officers, as RSUs provide some value to the recipient even if the market price of our common stock declines following the grant date. In addition, because RSUs are usually granted in smaller amounts than stock options, RSUs allow us to offer a robust equity compensation program while also managing dilution.

The Compensation Committee believes that certain targeted PSUs can provide an appropriate long-term incentive for our executive officers, as PSUs reward our executive officers only to the extent certain performance measures aligned with driving increased stockholder value are met.

In 2022, the Compensation Committee (and, in the case of our Chief Executive Officer, our Board of Directors), again granted PSUs to certain of our NEOs as a significant portion of their 2022 total equity compensation (“2022 PSUs”). The terms of these 2022 PSUs are described below.

The Compensation Committee initially determines the size of equity grants by considering the executive officer’s position and market data of our peer group companies as provided by Aon. The Compensation Committee then takes into consideration each named executive officer’s recent performance history, his or her potential for future responsibility and criticality of his or her work to the long-term success of our company and the retention value of outstanding awards. The Compensation Committee has the discretion to give relative weight to each of these factors as it sets the size of the equity grant to appropriately create an opportunity for reward based on increasing stockholder value. For newly hired or promoted executive officers, the Compensation Committee also takes into consideration the value needed to induce the individual to accept the position and to drive substantial performance.

2022 Equity Grants

In February 2022, the independent members of the Board of Directors, on the recommendation of the Compensation Committee, approved annual equity awards to the NEOs to be granted in March consistent with past practice, in the following amounts:

Executive	Stock Options (#)	RSUs (#)	PSUs (#)
Marc Stapley	103,026	56,537	28,268
Rebecca Chambers	37,773	20,728	10,364
Giulia Kennedy⁽¹⁾	77,287	42,412	21,206
Annie McGuire⁽²⁾	42,175	22,855	—
Tina Nova	103,043	56,546	28,273

⁽¹⁾ Ms. Kennedy departed from the company effective December 31, 2022.

⁽²⁾ Ms. McGuire was granted her equity awards on February 28, 2022 in connection with the commencement of her employment as our General Counsel.

In the first half of 2022, our sector experienced a great deal of market uncertainty including stock price volatility. At the same time, the ongoing talent challenges in the diagnostic sector, both for attracting and retaining key experienced leaders with specific business and technical capabilities and more broadly, began to materialize via escalating turnover in the market. The Compensation Committee proactively took action in evaluating the retention risk at the leadership level, including the NEOs, to develop a strategy and approach that was cost-effective, responsible to shareholders and provided the incentive to top talent to remain with the company. The Compensation Committee accordingly provided the CFO, CSO and General Counsel with a one-time grant of stock options and RSUs due to their new hire stock options being significantly underwater as a result of the broader macro market dynamics even after a strong performance year by the company. Not only were the new hire stock options underwater or without retention value, the intended compensation value delivered via time-vesting RSUs was also substantially below the intended compensation value. For the other NEOs, the Committee also evaluated the retention risk and determined that the holistic nature of their equity holdings were sufficiently retentive, and determined to not make any additional equity grants at that time. The following grants were made to our NEOs:

Executive	Stock Options (#)	RSUs (#)
Rebecca Chambers	36,496	21,404
Giulia Kennedy(1)	18,248	10,702
Annie McGuire	18,248	10,702

(1) Ms. Kennedy departed from the company effective December 31, 2022.

Time-Based Vesting Schedules

The annual option awards granted in March 2022 vest and become exercisable as to 25% of the shares on the first anniversary of the grant date, and the remaining shares vest at a rate of 1/48th of the total number of shares subject to the award for each month of continuous service thereafter (until the fourth anniversary of the date of grant).

The annual RSU awards granted in March 2022 vest as to 1/4 on the first anniversary of March 2, 2022 and then in equal quarterly installments over the following 12 quarters, based on continuing service on each vesting date (until the fourth anniversary of the date of grant).

The one-time Option retention awards granted in August 2022 vest and become exercisable as to 1/3rd of the total number of shares subject to the award for each month of continuous service thereafter (until the third anniversary of the date of grant).

The one-time RSU retention awards granted August 2022 vest at a rate of 1/3rd of the total number of RSUs on the one-year anniversary of the vesting commencement date, and vest at a rate of 1/12th of the total number of RSUs on each quarter thereafter (until the third anniversary of the date of grant). The significant reduction in intended value of existing grants to NEOs due to the macro market conditions and the critical need to retain certain of the NEOs led the Compensation Committee to issue these retention grants with a three-year vesting as opposed to four year vesting.

Performance-Based Vesting Schedules

The 2022 PSU awards are split between a two year and three year performance period to reward for growth and execution over time. One-third of the total number of shares subject to the PSU granted in 2022, will be earned if the total revenue for 2023 equals or exceeds a certain threshold and two-thirds of the total number of shares subject to the PSU will be earned if the total revenue for 2024 equals or exceeds a higher threshold. The officer must remain in service with the Company on each of these vesting dates to have the opportunity to earn any "achieved" portion of the PSU. The Compensation Committee and Board of Directors believe the company's primary and immediate focus should be on increased, sustained revenue growth. To that end, in addition to including short-term revenue growth in the annual incentive, the Committee felt the two-year and three-year performance periods were the most appropriate length for our growth strategy and drive toward profitability, and offer a reasonable balance between long-term growth and ongoing focus on medium-term revenue increases given the dynamic changes in the diagnostic and testing market place. For purposes of the 2022 PSU awards, "revenue" means our total revenue calculated in accordance with U.S. Generally Accepted Accounting Principles, as reported in our annual financial statements for the applicable year.

Significant Competitive Harm in Disclosing Thresholds

We have not publicly disclosed the specific PSU performance thresholds because we believe advance disclosure of the thresholds could cause significant competitive harm to our business. The thresholds were purposefully set to be more aggressive than our disclosed guidance and long-term financial plan and are fully achievable only by outperforming such guidance and plan. If specific thresholds were disclosed, they could be treated as the Company's new guidance or long-term financial plan, which would not align with (i) the Company's purpose of using the PSU performance thresholds to encourage exceptional out performance of our rigorous disclosed guidance and plan, and (ii) how the Company understands the role the PSU performance thresholds have in our long-term business and strategy. Disclosing the specific thresholds could also create a retention risk for our Chief Executive Officer and other Named Executive Officers, who are crucial to the execution of our next phase of growth by giving insight into the retentive value of the PSU awards. Companies competing for our top executive talent could use the thresholds' rigor and the significant challenge of achieving the full award, depending on how many tranches have been earned and what remains of the performance period, to undercut the value of the PSU awards by offering a sign-on bonus or a more easily achievable compensation package to induce our Named Executive Officers to leave the Company. While we are not disclosing the thresholds in advance, we plan to appropriately disclose applicable achievements in a fiscal year in the following year's proxy statement.

Additional Compensation Practices and Policies

Hedging, Derivative Securities Transactions, Short Selling, and Pledging

Under our Insider Trading Policy, our employees (including our executive officers) and the non-employee members of our Board of Directors are prohibited from engaging in hedging or monetization transactions involving our securities, such as zero-cost collars and forward sale contracts and may not contribute our securities to exchange funds that could be interpreted as having the effect of hedging in our securities. Further, our employees (including executive officers) and the non-employee members of our Board of Directors are prohibited from engaging in transactions involving options or other derivative securities on our securities, such as puts and calls, whether on an exchange or in any other market and from engaging in short sales of our securities, including short sales "against the box."

Also, under our Insider Trading Policy, our employees (including our executive officers) and the non-employee members of our Board of Directors are prohibited from using or pledging our securities as collateral in a margin account or as collateral for a loan unless the pledge has been approved by the designated compliance administrator pursuant to the Insider Trading Policy, which approval is limited to situations where the subject individual has demonstrated the financial capacity to repay the loan without resorting to the pledged securities).

Executive and Board Stock Ownership Guidelines

In February 2021, the Board of Directors adopted stock ownership guidelines for our executive officers. Under these guidelines, the Chief Executive Officer and each other individual serving as a C-Level executive officer and each member of our Board of Directors must achieve the requirement within five years of becoming subject to the policy.

Position	Requirement
Chief Executive Officer	3x base salary
C-Level Executive Officers other than Chief Executive Officer	1x base salary
Non-Employee Directors	3x annual cash retainer

For the purposes of determining stock ownership levels, the following forms of equity interests are included: shares owned by the executive officer directly, or held in trust for the benefit of, the executive officer or director or his or her immediate family members residing in same household or through trusts; and the “In-the-Money” value of vested stock option awards. Unvested stock options, unvested restricted stock units and unvested performance stock units are not included. The applicable guidelines must be met within the earliest of five years from: (i) joining Veracyte, (ii) promotion to a C-Level executive officer or (iii) establishment of the guidelines. As of December 31, 2022, all non-employee directors and all of our current executive officers who are subject to these requirements were in compliance with our stock ownership guidelines, other than those executive officers whose employment began within the last five years, each of whom has sufficient time remaining to meet the required ownership level.

Tax and Accounting Considerations

Deductibility of Executive Compensation

The Compensation Committee considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code in designing, establishing and implementing our executive compensation policies and practices. Section 162(m) imposes limitations on the deductibility for corporate federal income tax purposes of compensation in excess of \$1.0 million paid to any person who has served as chief executive officer, chief financial officer and each of the three next most highly compensated executive officers of a public company. As a result, we expect that compensation awarded to our named executive officers will not be deductible to the extent it is in excess of the \$1.0 million threshold. In determining the form and amount of compensation for our named executive officers, the Compensation Committee will continue to consider all elements of the cost of such compensation, including Section 162(m).

While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

Taxation of “Parachute” Payments and Deferred Compensation.

Sections 280G and 4999 of the Internal Revenue Code provide that named executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of our Company that exceed certain prescribed limits, and that we (or a successor) may forfeit a deduction on the amounts subject to this additional tax. Section 409A of the Internal Revenue Code imposes significant additional taxes in the event that an employee, including a named executive officer, director, or service provider receives “nonqualified deferred compensation” that does not satisfy the conditions of Section 409A.

We have not agreed and are not otherwise obligated to provide any named executive officer with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Internal Revenue Code.

Accounting for Stock-Based Compensation.

We follow the FASB ASC Topic 718 for our stock-based compensation awards. ASC 718 requires companies to calculate the grant date “fair value” of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the compensation tables that accompany this CD&A, even though recipients may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based

awards in their statements of operations over the period that the recipient of the award is required to render service in exchange for the award.

Report of the Compensation Committee

This report of the Compensation Committee is required by the SEC and, in accordance with the SEC's rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and will not otherwise be deemed "soliciting material" or "filed" under either the Securities Act or the Exchange Act.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Securities and Exchange Commission regulations. Based on its review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and, through incorporation by reference, in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

- The amounts in this column represent (1) bonuses awarded to Ms. Kennedy at the discretion of our Board of Directors above the amounts earned by meeting the performance measures established under our 2020 Bonus Plan and (2) a sign-on bonus of \$100,000 paid to Ms. Chambers in 2021.
- Amounts represent the aggregate fair value of the awards computed as of the grant date of each award in accordance with Topic 718 for financial reporting purposes, rather than amounts paid to or realized by the named individual. Our assumptions with respect to the calculation of these values are set forth in the Notes to Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2022. There can be no assurance that option awards will be exercised or that RSUs will settle (in which case no value will be realized by the individual) or that the value on exercise of options or settlement of RSUs will approximate the fair value as computed in accordance with Topic 718. We computed the grant date fair value of PSU awards based on our achievement of the PSU awards' performance conditions at 100% of target. If the PSUs were instead valued based on the maximum outcome of the applicable performance condition (i.e., based on maximum level performance), the total amount for the PSU awards reported in this column for 2022 would increase as follows: Mr. Stapley from \$735,533 to \$919,417, Ms. Chambers from \$269,671 to \$337,089, Ms. Kennedy from \$551,780 to \$689,725, and Ms. Nova from \$735,663 to \$919,579.
- The amounts reported in the Non-Equity Incentive Plan Compensation column for 2022 represent annual cash bonuses paid to the Named Executive Officers as described in "— Compensation Discussion and Analysis—2022 Annual Cash Incentives."
- Other income includes matching contributions to 401(k) plans in an amount up to \$3,000 per year for 2022 and 2021 and \$2,000 per year for 2020. Other income for Ms. McGuire also includes assistance with housing expenses and tax gross-up paid for such expenses, pursuant to the terms of her employment agreement, totaling \$74,765 for 2022. Ms. Kennedy departed from our company on December 31, 2022 and her other income also includes \$275,000 of annual performance bonus, \$250,000 of severance, \$100,000 cash bonus, and \$42,998 of COBRA payments.
- Ms. Kennedy departed from the company effective December 31, 2022.

(1) Except as otherwise noted, options become exercisable as to 25% of the shares on the first anniversary of the vesting commencement date, and the remaining shares vest at a rate of 1/48th of the total number of shares subject to the options each month thereafter. The options have a term of ten years, subject to earlier termination upon termination of employment. The options are subject to acceleration upon certain specified events; for more information, see “—Potential Payments upon Termination or Change in Control” below.

(2) The stock option vests at a rate of 1/3rd of the total number of shares of common stock underlying the stock option on the one-year anniversary of the vesting commencement date, and vests at a rate of 1/36th of the total number of shares of common stock underlying the stock option each month following such one-year anniversary. The stock option is subject to acceleration upon certain events as described in “—Potential Payments upon Termination or Change in Control” below.

(3) Based on a price of \$23.73 per share, which was the closing price per share of our common stock as reported by The Nasdaq Global Market on December 30, 2022. Except as otherwise noted, RSUs vest and settle as to 25% of the units on the first anniversary of the vesting commencement date, and the remaining RSUs vest and settle at a rate of 1/16th of the total number of shares subject to the units each quarter thereafter. The RSUs are subject to acceleration upon certain specified events; for more information, see “—Potential Payments upon Termination or Change in Control” below.

- (4) Based on a price of \$23.73 per share, which was the closing price per share of our common stock as reported by The Nasdaq Global Market on December 30, 2022 and assuming the PSU awards' performance conditions are achieved at 100% of target. For the 2022 PSUs, 1/3 of the total number of PSUs will vest subject to and upon certification of achievement of the performance metric for the performance period ending December 31, 2023 and 2/3 of the total number of PSUs will vest subject to and upon the certification of achievement of the performance metric for the performance period ending December 31, 2024 and the continued service of the applicable executive. The 2022 PSUs vest between 75% and 125% of the total grant based on the achievement of the performance metrics. If the 2022 PSUs were instead valued based on the maximum outcome of the applicable performance condition (i.e., based on maximum level performance), the total amount for the 2022 PSU awards reported in this column as of December 31, 2022 would increase as follows: Mr. Stapley from \$670,800 to \$838,500, Ms. Chambers from \$245,938 to \$307,422, and Ms. Nova from \$670,918 to \$838,648. The 2021 PSUs do not have staggered levels of achievement. The PSUs are subject to acceleration upon certain specified events; for more information, see “—Potential Payments upon Termination or Change in Control” below.
- (5) The RSUs vest at a rate of 1/3rd of the total number of RSUs on the one-year anniversary of the vesting commencement date, and vest at a rate of 1/12th of the total number of RSUs on each quarter thereafter. The RSUs are subject to acceleration upon certain events as described in “—Potential Payments upon Termination or Change in Control” below.
- (6) Ms. Kennedy departed from the company effective December 31, 2022. Pursuant to the terms of the stock option awards, the outstanding vested options expire three months after the termination of her service.

Stock Option Exercises and Stock Vested Table

The following table presents, for each of our named executive officers, the number of shares of our common stock acquired upon the exercise of stock options or vesting and settlement of RSUs and PSUs during 2022 and the aggregate value realized upon the exercise of stock options and the vesting and settlement of RSUs and PSUs.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$) (1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) (2)
Marc Stapley	—	—	17,552	354,674
Rebecca Chambers	—	—	10,625	224,952

Annie McGuire	—	—	—	—
Tina Nova	—	—	30,000	835,200

- (1) The value realized on exercise is calculated as the difference between the fair market value of our common stock on the date of exercise and the applicable exercise price of those options.
- (2) The aggregate value realized upon the vesting and settlement of an RSU or PSU is based on the closing price on the Nasdaq Global Market of a share of common stock on the date prior to the day of vesting.
- (3) Ms. Kennedy departed from the company effective December 31, 2022.

Potential Payments upon Termination or Change in Control

We have entered into change of control and severance agreements with each of our named executive officers.

Each of these agreements has an initial term of four years, which term automatically renews for additional one-year periods unless either party provides written notice of non-renewal at least 60 days prior to the date of automatic renewal and which term extends for one year from a “change of control,” as defined in the agreement, if such change of control occurs within the final 12 months of the initial term or the term as extended through automatic renewal.

Outside of a Change in Control

Pursuant to each of the agreements, if the named executive officer is terminated by us without “cause” (as defined in the agreement), or terminates his or her employment for “good reason” (as defined in the agreement), each outside the period beginning two months prior to and ending 12 months following a change of control, or the “change of control period” (as defined in the agreement), he or she is entitled to the following benefits:

Mr. Stapley: (i) 12 months of salary continuation from the termination date, (ii) a lump sum payment equal to his prorated annual bonus for the applicable performance period based on actual corporate performance and (iii) up to 12 months continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”).

Ms. McGuire, Ms. Chambers and Ms. Nova: (i) 6 months of salary continuation from the termination date and (ii) up to 6 months continuation coverage under COBRA.

Upon Ms. Kennedy’s departure from the company and pursuant to the Kennedy Separation Agreement (as described above under “Employment or Letter Agreements”), Ms. Kennedy ceased to be eligible for any benefits under her change of control and severance agreement. Please see the description of the Kennedy Separation Agreement above for the details of the payments provided in exchange for a release of claims.

During Change in Control Period

Pursuant to each of these agreements, if the named executive officer is terminated by us without cause, or terminates his or her employment for good reason each during the change of control period, he or she is entitled to the following benefits:

Mr. Stapley: (i) a lump sum severance payment equal to 24 months of salary, (ii) a lump sum payment equal to 200% of the highest of his (A) annual target bonus for the year in which the change of control occurs, (B) annual target bonus for the year in which the termination occurs, or (C) actual bonus for the year prior to the year in which the termination occurs, (iii) accelerated vesting equal to 100% of any outstanding equity awards (and with respect to equity awards subject to performance, assuming “target” level performance) and (iv) up to 24 months continuation coverage under COBRA.

Ms. Chambers, Ms. Nova and Ms. McGuire: (i) a lump sum severance payment equal to 18 months of salary from the termination date, (ii) a lump sum payment equal to 150% the highest of his or her (A) annual target bonus for the year in which the change of control occurs, (B) annual target bonus for the year in which the termination occurs, or (C) actual bonus for the year prior to the year in which the termination occurs and (iii) accelerated vesting equal to 100% of any outstanding equity awards (and with respect to equity awards subject to performance, assuming “target” level performance) and (iv) up to 18 months continuation coverage under COBRA.

Upon a change in control of the Company, the named executive officer may be subject to a reduction in compensation as a result of excise tax calculations under the best net after-tax severance approach pursuant to Section 4999 of the Code.

The receipt of the above-described benefits is subject to the named executive officer executing a release of certain claims against us.

The following table illustrates the potential payments and benefits our NEOs would be entitled to upon termination of employment or a Change in Control (“CIC”) under each situation listed below. The potential payments assume that the termination and/or termination resulting from a CIC occurred on December 30, 2022, the final trading day of the year, and, where applicable, use the closing price of our Common Stock of \$23.73 on December 30, 2022. The table is merely an illustrative example of the impact of a hypothetical termination of employment or change in control and qualifying termination. The amounts that would actually be paid upon a termination of employment can only be determined at the time of such termination, based on the facts and circumstances then prevailing. In the case of Ms. Kennedy, this table reflects amounts actually paid upon her termination of service. Please see the description of the Kennedy Separation Agreement above for the details of the payments provided in exchange for a release of claims. The receipt of the above-described benefits is subject to the named executive officer executing a release of certain claims against us.

(1) The cash severance amount related to base salary was determined based on the base salaries in effect on December 31, 2022. The cash severance amount related to annual case bonus assumed that the bonus was achieved at target.

(2) The value of accelerated vesting is calculated based on the per share closing price of our common stock on The Nasdaq Stock Market as of December 30, 2022, the final trading day of the year (\$23.73) less, if applicable, the exercise price of each outstanding stock option. In addition, the value of the accelerated vesting of any outstanding PSUs is based upon “at target” achievement.

(3) Ms. Kennedy departed from the company effective December 31, 2022.

- The Peer Group TSR set forth in this table utilizes the NASDAQ Biotechnology Index, which we also utilize in the stock performance graph required by Item 201(e) of Regulation S-K included in our Annual Report for the year ended December 31, 2022. The comparison assumes \$100 was invested for the period starting December 31, 2019, through the end of the listed year in the Company and in the NASDAQ Biotechnology Index, respectively. Historical stock performance is not necessarily indicative of future stock performance.
- We determined Total Revenue to be the most important financial performance measure used to link Company performance to Compensation Actually Paid to our PEOs and Non-PEO NEOs in 2022. This performance measure may not have been the most important financial performance measure for years 2021 and 2020 and we may determine a different financial performance measure to be the most important financial performance measure in future years.

Relationship Between Compensation Actually Paid and Performance

The following charts show the relationship between Compensation Actually Paid, Total Shareholder Return, total revenue and net loss for 2020, 2021 and 2022.

Tabular List of Most Important Financial and Non-Financial Performance Measures

The following table presents the financial and non-financial performance measures that the Company considers to have been the most important in linking Compensation Actually Paid to our PEO and other NEOs for 2022 to Company performance. The measures in this table are not ranked.

Total Revenue
Ending Cash Balance
Gross Margin on Testing Revenue

CEO Pay Ratio

Under rules adopted pursuant to the Dodd-Frank Act, we are required to calculate and disclose the total compensation paid to our median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our Chief Executive Officer (the “CEO Pay Ratio”). There have been no changes in our employee population or employee compensation arrangements that we believe would significantly impact the calculations of this pay ratio and require us to identify a new median employee. However, the median employee used in 2021 is no longer employed with us, and consistent with SEC rules, for 2022, we chose to use a substitute employee who had substantially similar compensation to that of the initial median employee and who was viewed as representative of our median employee.

The paragraphs that follow describe our methodology and the resulting CEO Pay Ratio.

Measurement Date

We identified the median employee using our employee population on December 31, 2021 (including all employees, whether employed on a full-time, part-time, seasonal or temporary basis). We did not include any contractors or other non-employee workers in our employee population.

Consistently Applied Compensation Measure (“CACM”)

Under the relevant rules, we are required to identify the median employee by use of a “consistently applied compensation measure,” or CACM. We chose a CACM that closely approximates the annual target total direct compensation of our employees. Specifically, we identified the median employee by aggregating, for each employee: a) annual base pay for 2021, b) annual target cash incentive opportunity for 2021, and c) the grant date fair value for equity awards granted in 2021. Cash compensation for new hire employees that commenced employment in 2021 was annualized to reflect a full year.

Methodology and Pay Ratio

On December 31, 2022, the determination date, our principal executive officer was Mr. Marc Stapley, our Chief Executive Officer. For 2022, the total annual compensation for Mr. Stapley was \$4,935,422. The total annual compensation of our median employee in 2022 was \$129,449. The ratio of these two amounts is approximately 38:1.

This information is being provided for compliance purposes and is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Neither the Compensation Committee nor management of the company used the CEO Pay Ratio measure in making compensation decisions.

Limitations on Liability and Indemnification Matters

Our restated certificate of incorporation contains provisions that eliminate the personal liability of our directors to the corporation or our stockholders for monetary damages for breach of fiduciary duty to the fullest extent permitted by the Delaware General Corporation Law (“DGCL”). Consequently, our directors are not personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or
- any transaction from which the director derived an improper personal benefit.

Further, if the Officer Exculpation Amendment described in Proposal No. 6 is adopted by our stockholders (and is not abandoned by our Board of Directors prior to the effectiveness thereof), our restated certificate of incorporation will contain provisions that eliminate the personal liability of certain of our officers to the corporation or our stockholders for monetary damages for breach of fiduciary duty to the fullest extent permitted by the DGCL. Consequently, assuming the Officer Exculpation Amendment becomes effective, certain of our officers will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as officers, except liability for:

- any breach of the officer's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any transaction from which the officer derived an improper personal benefit; or
- any claim brought by or in the right of the corporation, such as a derivative claim.

The officers whose personal liability would be eliminated as described above consist of (i) a corporation's president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer; (ii) an individual identified in public filings as one of the most highly compensated officers of the corporation; and (iii) an individual who, by written agreement with the corporation, has consented to be identified as an officer for purposes of Delaware's long-arm jurisdiction statute.

Our restated certificate of incorporation and our amended and restated bylaws require us to indemnify our directors and officers to the maximum extent not prohibited by the DGCL and allow us to indemnify other employees and agents as authorized by the Board of Directors or by the action of a committee of the Board of Directors or designated officers established by or designated in resolutions approved by the Board of Directors. Subject to certain limitations, our amended and restated bylaws also require us to advance expenses incurred by our directors and officers for the defense of any action for which indemnification is required or permitted.

We have entered, and intend to continue to enter, into separate indemnification agreements with our directors, officers and certain other employees, in addition to the indemnification provided for in our restated certificate of incorporation and amended and restated bylaws. These agreements, among other things, require us to indemnify our directors, officers and certain other employees for certain expenses, including attorneys' fees, judgments, penalties, fines and settlement amounts actually incurred by these individuals in any action or proceeding arising out of their service to us or any of our subsidiaries or any other company or enterprise to which these individuals provide services at our request. Subject to certain limitations, our indemnification agreements also require us to advance expenses incurred by our directors, officers and certain other employees for the defense of any action for which indemnification is required or permitted.

We believe that provisions of our restated certificate of incorporation, amended and restated bylaws and indemnification agreements are necessary to attract and retain qualified directors, officers and employees. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our restated certificate of incorporation and amended and restated bylaws or in these indemnification agreements may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for directors, executive officers or persons controlling us, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Rule 10b5-1 Sales Plans

Certain of our directors and executive officers have adopted written plans, known as Rule 10b5-1 plans, in which they have contracted with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or executive officer when entering into the plan, without further direction from them. The director or executive officer may amend or terminate the plan in specified circumstances. We recently amended our Insider Trading Policy to reflect the SEC's new rules regarding Rule 10b5-1 plans.

Clawback Policy

We intend to adopt a general compensation recovery policy (or modify our existing Clawback Policy) covering our short-term and long-term incentive award plans and arrangements once The Nasdaq Stock Market LLC has adopted an SEC-approved listing standard that complies with Exchange Act Rule 10D-1.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee acts pursuant to a written charter that was adopted by the Board of Directors. Each member of the audit committee qualifies as "independent" under the current listing requirements of The Nasdaq Stock Market.

In performing its functions, the audit committee acts in an oversight capacity and necessarily relies on the work and assurances of Veracyte's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of Veracyte's annual financial statements with accounting principles generally accepted in the United States. It is not the duty of the audit committee to plan or conduct audits, to determine that Veracyte's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess or determine the effectiveness of Veracyte's internal control over financial reporting.

Within this framework, the audit committee has reviewed and discussed with management our audited financial statements as of and for the year ended December 31, 2022. The audit committee has also discussed Auditing Standard No. 1301 adopted by the Public Company Accounting Oversight Board (United States) regarding "*Communications with Audit Committees.*" In addition, the audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence.

Based upon these reviews and discussions, the audit committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2022.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements of our directors and named executive officers discussed elsewhere in this Proxy Statement, the following is a description of transactions since January 1, 2022, to which we have been or will be a party, and in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, beneficial holders of more than 5% of our capital stock, or entities affiliated with, or immediate family members of, any of the foregoing, had or will have a direct or indirect material interest.

Indemnification Agreements

We have entered into indemnification agreements with our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Related Party Transaction Approval

We have a formal policy that our executive officers, directors, director nominees, holders of more than 5% of any class of our voting securities, and any member of the immediate family of and any entity affiliated with any of the foregoing persons, are not permitted to enter into a transaction in which we are or will be a party and in which the amount involved exceeds \$120,000 without the prior consent of our audit committee. Any request for us to enter into such a transaction must first be presented to our audit committee, or if a member of our audit committee is involved in the transaction, to the disinterested and independent members of our Board of Directors for review, consideration and approval. In approving or rejecting any such proposal, the disinterested and independent members of our Board of Directors will consider all relevant facts and circumstances reasonably available to them.

ADDITIONAL INFORMATION

Stockholder Proposals for the 2024 Annual Meeting

If a stockholder wishes to present a proposal to be considered for inclusion in our proxy statement for the 2024 Annual Meeting of Stockholders, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC as set forth in Rule 14a-8. One of the requirements is that the proposal be received by our Secretary no later than December 29, 2023. Proposals we receive after that date will not be included in the proxy statement. We urge stockholders to submit proposals by Certified Mail - Return Receipt Requested.

A stockholder proposal not included in our proxy statement for the 2024 Annual Meeting will not be eligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to our Secretary at our principal executive offices and otherwise complies with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder's notice no earlier than 5:00 p.m. Eastern Time on February 9, 2024 and no later than 5:00 p.m. Eastern Time on March 10, 2024, or no earlier than 5:00 p.m. Eastern Time on the 120th day nor later than 5:00 p.m. Eastern Time on the 90th day prior to the first anniversary date of the preceding year's annual meeting; however, if we have not held an annual meeting in the previous year or the date of the annual meeting is called for a date that is more than 30 days before or more than 60 days after the first anniversary date of the preceding year's annual meeting, we must have received the stockholder's notice not later than 5:00 p.m. Eastern Time on the later of the 90th day prior to the date of the scheduled annual meeting or the 10th day following the earlier of the day on which notice of the annual meeting date was mailed or the day of the first public announcement of the annual meeting date. An adjournment or postponement of an annual meeting will not commence a new time period or extend any time period for the giving of the stockholder's notice described above. The stockholder's notice, including notices with respect to director nominations made in accordance with the SEC's universal proxy rules, must set forth, as to each proposed matter, the information required by our Bylaws and must be made in the time periods set forth above. The presiding officer of the meeting may refuse to acknowledge any matter not made in compliance with the foregoing procedure.

"Householding" - Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability, unless the affected

stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are our stockholders will be “householding” our annual report and proxy materials, including the Notice of Internet Availability. A single Notice of Internet Availability and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge by calling (866) 540-7095 or writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Whether or not you intend to attend the Annual Meeting, we urge you to vote by telephone, the internet, or by signing and mailing the enclosed proxy or voting instruction form promptly.

APPENDIX A

VERACYTE, INC.

2023 EQUITY INCENTIVE PLAN

(ADOPTED BY THE BOARD OF DIRECTORS ON APRIL 12, 2023)

1. **PURPOSE.** The purpose of this Plan is to provide incentives to attract, retain, and motivate eligible persons whose present and potential contributions are important to the success of the Company, and any Parents, Subsidiaries, and Affiliates that exist now or in the future, by offering them an opportunity to participate in the Company's future performance through the grant of Awards. Capitalized terms not defined elsewhere in the text are defined in Section 28.

2. **SHARES SUBJECT TO THIS PLAN**

2.1. **Number of Shares Available.** Subject to Sections 2.5 and 21 and any other applicable provisions hereof, the total number of Shares reserved and available for grant and issuance pursuant to this Plan is the number of reserved Shares not issued or subject to outstanding grants under the Prior Plan on the Effective Date *plus* (a) Shares that are subject to awards granted under the Prior Plan that cease to be subject to such awards by forfeiture or otherwise after the Effective Date, (b) Shares issued under the Prior Plan, including Shares issued pursuant to the exercise of stock options, that are forfeited after the Effective Date, (c) Shares issued under the Prior Plan that are repurchased by the Company at the original issue price after the Effective Date, (d) Shares that are subject to awards granted under the Prior Plan that are settled in cash after the Effective Date and (e) Shares that are subject to awards under the Prior Plan that are used to pay the Exercise Price of an award or withheld to satisfy the tax withholding obligations related to an award after the Effective Date. As of the Effective Date, no further awards can be granted under the Prior Plan.

2.2. **Lapsed, Returned Awards.** Shares subject to Awards, and Shares issued under this Plan under any Award, will again be available for grant and issuance in connection with subsequent Awards under this Plan to the extent such Shares: (a) are subject to issuance upon exercise of an Option or SAR granted under this Plan but which cease to be subject to the Option or SAR for any reason other than exercise of the Option or SAR, (b) are subject to Awards granted under this Plan that are forfeited or are repurchased by the Company at the original issue price, (c) are subject to Awards granted under this Plan that otherwise terminate without such Shares being issued, (d) are surrendered pursuant to an Exchange Program, (e) are subject to Awards granted under this Plan that are settled in cash and (f) are subject to Awards granted under this Plan and are used to pay the Exercise Price of an Award or withheld to satisfy the tax withholding obligations related to an Award. For the avoidance of doubt, Shares that otherwise become available for grant and issuance because of the provisions of this Section 2.2 will not include Shares subject to Awards that initially became available because of the substitution clause in Section 21.2 hereof.

2.3. **Minimum Share Reserve.** At all times the Company will reserve and keep available a sufficient number of Shares as will be required to satisfy the requirements of all outstanding Awards granted under this Plan.

2.4. **ISO Limitation.** No more than 15,000,000 Shares will be issued pursuant to the exercise of ISOs granted under this Plan.

2.5. **Adjustment of Shares.** If the number or class of outstanding Shares is changed by a stock dividend, extraordinary dividend or distribution (whether in cash, shares, or other property, other than a regular cash dividend), recapitalization, stock split, reverse stock split, subdivision, combination, consolidation, reclassification, spin-off, or similar change in the capital structure of the Company, without consideration, then (a) the number and class of Shares reserved for issuance and future grant under this Plan set forth in Section 2.1, (b) the Exercise Prices of and number and class of Shares subject to outstanding Options and SARs, (c) the number and class of Shares subject to other outstanding Awards, and (d) the maximum number and class of Shares that may be issued as ISOs set forth in Section 2.4, will be proportionately adjusted, subject to any required action by the Board or the stockholders of the Company and in compliance with applicable securities laws, provided that fractions of a Share will not be issued.

If, by reason of an adjustment pursuant to this Section 2.5, a Participant's Award Agreement or other agreement related to any Award, or the Shares subject to such Award, covers additional or different shares of stock or securities, then such additional or different shares, and the Award Agreement or such other agreement in respect thereof, will be subject to all of the terms, conditions, and restrictions which were applicable to the Award or the Shares subject to such Award prior to such adjustment.

3. **ELIGIBILITY.** ISOs may be granted only to Employees. All other Awards may be granted to Employees, Consultants, Directors, and Non-Employee Directors, provided that such Consultants, Directors, and Non-Employee Directors render bona fide services not in connection with the offer and sale of securities in a capital-raising transaction.

4. ADMINISTRATION.

4.1. Committee Composition; Authority. This Plan will be administered by the Committee or by the Board acting as the Committee. Subject to the general purposes, terms, and conditions of this Plan, and to the direction of the Board, the Committee will have full power to implement and carry out this Plan, except, however, the Board will establish the terms for the grant of an Award to Non-Employee Directors. The Committee will have the authority to:

- (a) construe and interpret this Plan, any Award Agreement, and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend, and rescind rules and regulations relating to this Plan or any Award;
- (c) select persons to receive Awards;
- (d) determine the form and terms and conditions, not inconsistent with the terms of this Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the Exercise Price, the time or times when Awards may vest (which may be based on performance criteria) and be exercised or settled, any vesting acceleration or waiver of forfeiture restrictions, the method to satisfy tax withholding obligations or any other tax liability legally due, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Committee will determine;
- (e) determine the number of Shares or other consideration subject to Awards;
- (f) determine the Fair Market Value in good faith and interpret the applicable provisions of this Plan and the definition of Fair Market Value in connection with circumstances that impact the Fair Market Value, if necessary;
- (g) determine whether Awards will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, other Awards under this Plan or any other incentive or compensation plan of the Company or any Parent, Subsidiary, or Affiliate;
- (h) grant waivers of Plan or Award conditions;
- (i) determine the vesting, exercisability, and payment of Awards;
- (j) correct any defect, supply any omission or reconcile any inconsistency in this Plan, any Award or any Award Agreement;
- (k) determine whether an Award has been vested and/or earned;
- (l) determine the terms and conditions of any, and to institute any Exchange Program;
- (m) reduce or modify any criteria with respect to Performance Factors;
- (n) adjust Performance Factors to take into account changes in law and accounting or tax rules as the Committee deems necessary or appropriate to reflect the impact of extraordinary or unusual items, events, or circumstances to avoid windfalls or inequitable results;
- (o) adopt terms and conditions, rules, and/or procedures (including the adoption of any subplan under this Plan) relating to the operation and administration of this Plan to accommodate requirements of local law and procedures outside of the United States or to qualify Awards for special tax treatment under laws of jurisdictions other than the United States;
- (p) exercise discretion with respect to Performance Awards;
- (q) make all other determinations necessary or advisable for the administration of this Plan; and
- (r) delegate any of the foregoing to a subcommittee or to one or more executive officers pursuant to a specific delegation as permitted by applicable law, including but not limited to Section 157(c) of the Delaware General Corporation Law.

4.2. Committee Interpretation and Discretion. Any determination made by the Committee with respect to any Award will be made in its sole discretion at the time of grant of the Award or, unless in contravention of any express term of this Plan or Award, at any later time, and such determination will be final and binding on the Company and all persons having an interest in any Award under this Plan. Any dispute regarding the interpretation of this Plan or any Award Agreement will be submitted by the Participant or Company to the Committee for review. The resolution of such a dispute by the Committee will be final and binding on the Company and the Participant. The Committee may delegate to one or more executive officers the authority to review and resolve disputes with respect to Awards held by Participants who are not Insiders, and such resolution will be final and binding on the Company and the Participant.

4.3. Section 16 of the Exchange Act. Awards granted to Participants who are subject to Section 16 of the Exchange Act must be approved by two or more “non-employee directors” (as defined in the regulations promulgated under Section 16 of the Exchange Act).

4.4. Documentation. The Award Agreement for a given Award, this Plan, and any other documents may be delivered to, and accepted by, a Participant or any other person in any manner (including electronic distribution or posting) that meets applicable legal requirements.

4.5. Foreign Award Recipients. Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws and practices in other countries in which the Company, its Subsidiaries, and Affiliates operate or have Employees or other individuals eligible for Awards, the Committee, in its sole discretion, will have the power and authority to: (a) determine which Subsidiaries and Affiliates will be covered by this Plan; (b) determine which individuals outside the United States are eligible to participate in this Plan, which may include individuals who provide services to the Company, Subsidiary or Affiliate under an agreement with a foreign nation or agency; (c) modify the terms and conditions of any Award granted to individuals outside the United States or foreign nationals to comply with applicable foreign laws, policies, customs, and practices; (d) establish subplans and modify exercise procedures, vesting conditions, and other terms and procedures to the extent the Committee determines such actions to be necessary or advisable (and such subplans and/or modifications will be attached to this Plan as appendices, if necessary); and (e) take any action, before or after an Award is made, that the Committee determines to be necessary or advisable to obtain approval or comply with any local governmental regulatory exemptions or approvals, provided, however, that no action taken under this Section 4.4 will increase the Share limitations contained in Section 2.1 hereof. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Awards will be granted, that would violate the Exchange Act or any other applicable United States securities law, the Code, or any other applicable United States governing statute or law.

5. OPTIONS. An Option is the right but not the obligation to purchase a Share, subject to certain conditions, if applicable. The Committee may grant Options to eligible Employees, Consultants, and Directors and will determine whether such Options will be “incentive stock options” within the meaning of the Code (“ISOs”) or Nonqualified Stock Options (“NQSOs”), the number of Shares subject to the Option, the Exercise Price of the Option, the period during which the Option may vest and be exercised, and all other terms and conditions of the Option, subject to the following terms of this section.

5.1. Option Grant. Each Option granted under this Plan will identify the Option as an ISO or an NQSO. An Option may be, but need not be, awarded upon satisfaction of such Performance Factors during any Performance Period as are set out in advance in the Participant’s individual Award Agreement. If the Option is being earned upon the satisfaction of Performance Factors, then the Committee will: (a) determine the nature, length, and starting date of any Performance Period for each Option; and (b) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to Options that are subject to different performance goals and other criteria.

5.2. Date of Grant. The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, or a specified future date. The Award Agreement will be delivered to the Participant within a reasonable time after the granting of the Option.

5.3. Exercise Period. Options may be vested and exercisable within the times or upon the conditions as set forth in the Award Agreement governing such Option, provided, however, that no Option will be exercisable after the expiration of ten (10) years from the date the Option is granted and provided further that no ISO granted to a person who, at the time the ISO is granted, directly or by attribution owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of any Parent or Subsidiary (“Ten Percent Stockholder”) will be exercisable after the expiration of five (5) years from the date the ISO is granted. The Committee also may provide for Options to become exercisable at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines.

5.4. Exercise Price. The Exercise Price of an Option will be determined by the Committee when the Option is granted, provided that: (a) the Exercise Price of an Option will be not less than one hundred percent (100%) of the Fair Market Value of the Shares on the date of grant, and (b) the Exercise Price of any ISO granted to a Ten Percent Stockholder will not be less than one hundred ten percent (110%) of the Fair Market Value of the Shares on the date of grant. Payment for the Shares purchased may be made in accordance with Section 11 and the Award Agreement and in accordance with any procedures established by the Company.

5.5. Method of Exercise. Any Option granted hereunder will be vested and exercisable according to the terms of this Plan and at such times and under such conditions as determined by the Committee and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share. An Option will be deemed exercised when the Company receives: (a) notice of exercise (in such form as the Committee may specify from time to time) from the person entitled to exercise the Option (and/or via electronic execution through the authorized third-party administrator) and (b) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any

consideration and method of payment authorized by the Committee and permitted by the Award Agreement and this Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 2.5 of this Plan.

5.6. Termination of Service. If the Participant's Service terminates for any reason except for Cause or the Participant's death or Disability, then the Participant may exercise such Participant's Options, only to the extent that such Options would have been exercisable by the Participant on the date Participant's Service terminates, no later than three (3) months after the date Participant's Service terminates (or such shorter or longer time period as may be determined by the Committee, with any exercise beyond three (3) months after the date Participant's employment terminates deemed to be the exercise of an NQSO), but in any event no later than the expiration date of the Options.

(a) **Death.** If the Participant's Service terminates because of the Participant's death (or the Participant dies within three (3) months after Participant's Service terminates other than for Cause or because of the Participant's Disability), then the Participant's Options may be exercised, only to the extent that such Options would have been exercisable by the Participant on the date Participant's Service terminates, and must be exercised by the Participant's legal representative, or authorized assignee no later than twelve (12) months after the date Participant's Service terminates (or such shorter time period or longer time period as may be determined by the Committee), but in any event no later than the expiration date of the Options.

(b) **Disability.** If the Participant's Service terminates because of the Participant's Disability, then the Participant's Options may be exercised, only to the extent that such Options would have been exercisable by the Participant on the date Participant's Service terminates, and must be exercised by the Participant (or the Participant's legal representative or authorized assignee) no later than twelve (12) months after the date Participant's Service terminates (or such shorter time period not less than six (6) months or longer time period as may be determined by the Committee, with any exercise beyond (a) three (3) months after the date Participant's employment terminates when the termination of Service is for a Disability that is not a "permanent and total disability" as defined in Section 22(e)(3) of the Code or (b) twelve (12) months after the date Participant's employment terminates when the termination of Service is for a Disability that is a "permanent and total disability" as defined in Section 22(e)(3) of the Code, deemed to be exercise of an NQSO), but in any event no later than the expiration date of the Options.

(c) **Cause.** Unless otherwise determined by the Committee, if the Participant's Service terminates for Cause or if the Committee has reasonably determined in good faith that such cessation of Services has resulted in connection with an act or failure to act constituting Cause (or such Participant's Services could have been terminated for Cause (without regard to the lapsing of any required notice or cure periods in connection therewith) at the time such Participant terminated Service)), then Participant's Options (whether or not vested) will expire on the date of termination of Participant's Service or at such later time and on such conditions as are determined by the Committee, but in any event no later than the expiration date of the Options. Unless otherwise provided in an employment agreement, Award Agreement, or other applicable agreement, Cause will have the meaning set forth in this Plan.

(d) **Unvested Options.** Participant's unvested Options shall expire on the date of Participant's termination of Service for any reason (unless Participant's unvested Options are accelerated upon such termination of Service or are required to remain outstanding for some period post-termination in order to remain eligible for acceleration pursuant to an agreement between Participant and the Company).

5.7. Limitations on Exercise. The Committee may specify a minimum number of Shares that may be purchased on any exercise of an Option, provided that such minimum number will not prevent any Participant from exercising the Option for the full number of Shares for which it is then exercisable.

5.8. Limitations on ISOs. With respect to Awards granted as ISOs, to the extent that the aggregate Fair Market Value of the Shares with respect to which such ISOs are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as NQSOs. For purposes of this Section 5.8, ISOs will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted. In the event that the Code or the regulations promulgated thereunder are amended after the Effective Date to provide for a different limit on the Fair Market Value of Shares permitted to be subject to ISOs, such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

5.9. Modification, Extension or Renewal. The Committee may modify, extend or renew outstanding Options and authorize the grant of new Options in substitution therefor, provided that any such action may not, without the written consent

of a Participant, impair any of such Participant's rights under any Option previously granted, unless for the purpose of complying with applicable laws and regulations. Any outstanding ISO that is modified, extended, renewed or otherwise altered will be treated in accordance with Section 424(h) of the Code. Subject to prior stockholder approval as is required by Section 18 of this Plan, by written notice to affected Participants, the Committee may reduce the Exercise Price of outstanding Options without the consent of such Participants; provided, however, that the Exercise Price may not be reduced below the Fair Market Value on the date the action is taken to reduce the Exercise Price.

6.10. No Disqualification. Notwithstanding any other provision in this Plan, no term of this Plan relating to ISOs will be interpreted, amended, or altered, nor will any discretion or authority granted under this Plan be exercised, so as to disqualify this Plan under Section 422 of the Code or, without the consent of the Participant affected, to disqualify any ISO under Section 422 of the Code.

6. RESTRICTED STOCK AWARDS. A Restricted Stock Award is an offer by the Company to sell to an eligible Employee, Consultant, or Director Shares that are subject to restrictions ("**Restricted Stock**"). The Committee will determine to whom an offer will be made, the number of Shares the Participant may purchase, the Purchase Price, the restrictions under which the Shares will be subject, and all other terms and conditions of the Restricted Stock Award, subject to this Plan.

6.1. Restricted Stock Purchase Agreement. All purchases under a Restricted Stock Award will be evidenced by an Award Agreement. Except as may otherwise be provided in an Award Agreement, a Participant accepts a Restricted Stock Award by signing and delivering to the Company an Award Agreement with full payment of the Purchase Price, within thirty (30) days from the date the Award Agreement was delivered to the Participant. If the Participant does not accept such Award within thirty (30) days, then the offer of such Restricted Stock Award will terminate, unless the Committee determines otherwise.

6.2. Purchase Price. The Purchase Price for a Restricted Stock Award will be determined by the Committee and may be less than Fair Market Value on the date the Restricted Stock Award is granted. Payment of the Purchase Price must be made in accordance with Section 11 of this Plan, and the Award Agreement and in accordance with any procedures established by the Company.

6.3. Terms of Restricted Stock Awards. Restricted Stock Awards will be subject to such restrictions as the Committee may impose or are required by law. These restrictions may be based on completion of a specified period of Service with the Company or upon completion of Performance Factors, if any, during any Performance Period as set out in advance in the Participant's Award Agreement. Prior to the grant of a Restricted Stock Award, the Committee will: (a) determine the nature, length, and starting date of any Performance Period for the Restricted Stock Award; (b) select from among the Performance Factors to be used to measure performance goals, if any; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Restricted Stock Awards that are subject to different Performance Periods and having different performance goals and other criteria.

6.4. Termination of Service. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such date Participant's Service terminates (unless determined otherwise by the Committee).

7. STOCK BONUS AWARDS. A Stock Bonus Award is an award to an eligible Employee, Consultant, or Director of Shares for Services to be rendered or for past Services already rendered to the Company or any Parent, Subsidiary, or Affiliate. All Stock Bonus Awards will be made pursuant to an Award Agreement. No payment from the Participant will be required for Shares awarded pursuant to a Stock Bonus Award.

7.1. Terms of Stock Bonus Awards. The Committee will determine the number of Shares to be awarded to the Participant under a Stock Bonus Award and any restrictions thereon. These restrictions may be based upon completion of a specified period of Service with the Company or upon satisfaction of performance goals based on Performance Factors during any Performance Period as set out in advance in the Participant's Stock Bonus Award Agreement. Prior to the grant of any Stock Bonus Award the Committee will: (a) determine the nature, length, and starting date of any Performance Period for the Stock Bonus Award; (b) select from among the Performance Factors to be used to measure performance goals; and (c) determine the number of Shares that may be awarded to the Participant. Performance Periods may overlap and a Participant may participate simultaneously with respect to Stock Bonus Awards that are subject to different Performance Periods and different performance goals and other criteria.

7.2. Form of Payment to Participant. Payment may be made in the form of cash, whole Shares, or a combination thereof, based on the Fair Market Value of the Shares earned under a Stock Bonus Award on the date of payment, as determined in the sole discretion of the Committee.

7.3. Termination of Service. Except as may be set forth in the Participant's Award Agreement, vesting ceases on such date Participant's Service terminates (unless determined otherwise by the Committee).

8. STOCK APPRECIATION RIGHTS. A Stock Appreciation Right (“SAR”) is an award to an eligible Employee, Consultant, or Director that may be settled in cash or Shares (which may consist of Restricted Stock) having a value equal to (a) the difference between the Fair Market Value on the date of exercise over the Exercise Price multiplied by (b) the number of Shares with respect to which the SAR is being settled (subject to any maximum number of Shares that may be issuable as specified in an Award Agreement). All SARs will be made pursuant to an Award Agreement.

8.1. Terms of SARs. The Committee will determine the terms of each SAR including, without limitation: (a) the number of Shares subject to the SAR, (b) the Exercise Price and the time or times during which the SAR may be settled, (c) the consideration to be distributed on settlement of the SAR, and (d) the effect of the Participant’s termination of Service on each SAR. The Exercise Price of the SAR will be determined by the Committee when the SAR is granted and may not be less than Fair Market Value of the Shares on the date of grant. A SAR may be awarded upon satisfaction of Performance Factors, if any, during any Performance Period as are set out in advance in the Participant’s individual Award Agreement. If the SAR is being earned upon the satisfaction of Performance Factors, then the Committee will: (i) determine the nature, length, and starting date of any Performance Period for each SAR; and (ii) select from among the Performance Factors to be used to measure the performance, if any. Performance Periods may overlap and Participants may participate simultaneously with respect to SARs that are subject to different Performance Factors and other criteria.

8.2. Exercise Period and Expiration Date. A SAR will be exercisable within the times or upon the occurrence of events determined by the Committee and set forth in the Award Agreement governing such SAR. The SAR Agreement will set forth the expiration date, provided that no SAR will be exercisable after the expiration of ten (10) years from the date the SAR is granted. The Committee may also provide for SARs to become exercisable at one time or from time to time, periodically or otherwise (including, without limitation, upon the attainment during a Performance Period of performance goals based on Performance Factors), in such number of Shares or percentage of the Shares subject to the SAR as the Committee determines. Notwithstanding the foregoing, the rules of Section 5.6 also will apply to SARs.

8.3. Form of Settlement. Upon exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying (a) the difference between the Fair Market Value of a Share on the date of exercise over the Exercise Price, by (b) the number of Shares with respect to which the SAR is exercised. At the discretion of the Committee, the payment from the Company for the SAR exercise may be in cash, in Shares of equivalent value, or in some combination thereof. The portion of a SAR being settled may be paid currently or on a deferred basis with such interest, if any, as the Committee determines, provided that the terms of the SAR and any deferral satisfy the requirements of Section 409A of the Code to the extent applicable.

8.4. Termination of Service. Except as may be set forth in the Participant’s Award Agreement, vesting ceases on the date Participant’s Service terminates (unless determined otherwise by the Committee).

9. RESTRICTED STOCK UNITS. A Restricted Stock Unit (“RSU”) is an award to an eligible Employee, Consultant, or Director covering a number of Shares that may be settled by issuance of those Shares (which may consist of Restricted Stock) or in cash. All RSUs will be made pursuant to an Award Agreement.

9.1. Terms of RSUs. The Committee will determine the terms of an RSU including, without limitation: (a) the number of Shares subject to the RSU, (b) the time or times during which the RSU may be settled, (c) the consideration to be distributed on settlement, and (d) the effect of the Participant’s termination of Service on each RSU, provided that no RSU will have a term longer than ten (10) years. An RSU may be awarded upon satisfaction of such performance goals based on Performance Factors during any Performance Period as are set out in advance in the Participant’s Award Agreement. If the RSU is being earned upon satisfaction of Performance Factors, then the Committee will: (i) determine the nature, length, and starting date of any Performance Period for the RSU; (ii) select from among the Performance Factors to be used to measure the performance, if any; and (iii) determine the number of Shares deemed subject to the RSU. Performance Periods may overlap and Participants may participate simultaneously with respect to RSUs that are subject to different Performance Periods and different performance goals and other criteria.

9.2. Form and Timing of Settlement. Payment of earned RSUs will be made as soon as practicable after the date(s) determined by the Committee and set forth in the Award Agreement. The Committee, in its sole discretion, may settle earned RSUs in cash, Shares, or a combination of both. The Committee may also permit a Participant to defer payment under a RSU to a date or dates after the RSU is earned, provided that the terms of the RSU and any deferral satisfy the requirements of Section 409A of the Code to the extent applicable.

9.3. Termination of Service. Except as may be set forth in the Participant’s Award Agreement, vesting ceases on such date Participant’s Service terminates (unless determined otherwise by the Committee).

10. PERFORMANCE AWARDS.

A Performance Award is an award to an eligible Employee, Consultant, or Director that is based upon the attainment of performance goals, as established by the Committee, and other terms and conditions specified by the Committee, and may be

settled in cash, Shares (which may consist of, without limitation, Restricted Stock), other property, or any combination thereof, and may be cash-based. Grants of Performance Awards will be made pursuant to an Award Agreement.

10.1. Types of Performance Awards. Performance Awards shall include Performance Shares, Performance Units and cash-settled Performance Awards as set forth in Sections 10.1(a), 10.1(b) and 10.1(c) below.

(a) Performance Shares. The Committee may grant Awards of Performance Shares, designate the Participants to whom Performance Shares are to be awarded and determine the number of Performance Shares and the terms and conditions of each such Award.

(b) Performance Units. The Committee may grant Awards of Performance Units, designate the Participants to whom Performance Units are to be awarded and determine the number of Performance Units and the terms and conditions of each such Award.

(c) Cash-Settled Performance Awards. The Committee may also grant cash-settled Performance Awards, designate the Participants to whom cash-settled Performance Awards are to be awarded and determine the terms and conditions of each such Award.

The amount to be paid under any Performance Award may be adjusted on the basis of such further consideration as the Committee shall determine in its sole discretion.

10.2. Terms of Performance Awards. Performance Awards will be based on the attainment of performance goals using the Performance Factors within this Plan that are established by the Committee for the relevant Performance Period. The Committee will determine, and each Award Agreement will set forth, the terms of each Performance Award including, without limitation: (a) the amount of any cash bonus, (b) the number of Shares deemed subject to a Performance Award, (c) the Performance Factors and Performance Period that will determine the time and extent to which each Performance Award will be settled, (d) the consideration to be distributed on settlement, and (e) the effect of the Participant's termination of Service on each Performance Award. In establishing Performance Factors and the Performance Period the Committee will: (i) determine the nature, length, and starting date of any Performance Period; (ii) select from among the Performance Factors to be used and (iii) determine the number of Shares deemed subject to the award of Performance Shares. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant. Prior to settlement the Committee will determine the extent to which Performance Awards have been earned. Performance Periods may overlap and Participants may participate simultaneously with respect to Performance Awards that are subject to different Performance Periods and different performance goals and other criteria.

10.3. Termination of Service. Except as may be set forth in the Participant's Award Agreement, vesting ceases on the date Participant's Service terminates (unless determined otherwise by the Committee).

11. PAYMENT FOR SHARE PURCHASES. Payment from a Participant for Shares purchased pursuant to this Plan may be made in cash or by cash equivalents or, where expressly approved for the Participant by the Committee and where permitted by law (and to the extent not otherwise set forth in the applicable Award Agreement):

(a) by cancellation of indebtedness of the Company owed to the Participant;

(b) by surrender of shares of the Company held by the Participant that have a Fair Market Value on the date of surrender equal to the aggregate Exercise Price of the Shares as to which said Award will be exercised or settled;

(c) by waiver of compensation due or accrued to the Participant for services rendered or to be rendered to the Company or a Parent, Subsidiary or Affiliate;

(d) by consideration received by the Company pursuant to a broker-assisted or other form of cashless exercise program implemented by the Company in connection with this Plan;

(e) by any combination of the foregoing; or

(f) by any other method of payment as is permitted by applicable law.

The Committee may limit the availability of any method of payment, to the extent the Committee determines, in its discretion, such limitation is necessary or advisable to comply with applicable law or facilitate the administration of this Plan. Unless determined otherwise by the Committee, all payments under any of the methods indicated above shall be made in United States dollars.

12. GRANTS TO NON-EMPLOYEE DIRECTORS.

12.1. Grants and Eligibility. Awards pursuant to this Section 12 shall be granted only to Non-Employee Directors who are eligible to receive any type of Award offered under this Plan except ISOs. Awards pursuant to this Section 12 may be

automatically made pursuant to a policy adopted by the Board, or made from time to time as determined in the discretion of the Board.

12.2. Calendar Year Limitation. A Non-Employee Director may not receive Awards under this Plan that, when combined with cash compensation received for service as a Non-Employee Director, exceed (x) \$750,000 in value (as described below) in any calendar year, for continuing Non-Employee Directors, or (y) \$1,500,000 in value (as described below) in the initial calendar year, for a new Non-Employee Director. The value of Awards for purposes of complying with this maximum will be determined as follows: (a) for Options and SARs, grant date fair value will be calculated using the Black-Scholes valuation methodology or the Company's regular valuation methodology for determining the grant date fair value of Options for reporting purposes, and (b) for all other Awards other than Options and SARs, grant date fair value will be determined by either (i) calculating the product of the Fair Market Value per Share on the date of grant and the aggregate number of Shares subject to the Award, or (ii) calculating the product using an average of the Fair Market Value over a number of trading days and the aggregate number of Shares subject to the Award as determined by the Committee. Awards granted to an individual while they were serving in the capacity as an Employee or while they were a Consultant but not a Non-Employee Director will not count for purposes of the limitations set forth in this Section 12.2.

12.3. Vesting, Exercisability and Settlement. Except as set forth in Section 21, Awards will vest, become exercisable, and be settled as determined by the Board. The Exercise Price of Options and SARs granted to Non-Employee Directors will not be less than the Fair Market Value of the Shares at the time that such Option or SAR is granted.

12.4. Election to Receive Awards in Lieu of Cash. If permitted by the Committee, a Non-Employee Director may elect to receive his or her annual retainer payments and/or meeting fees from the Company in the form of cash or Awards or a combination thereof, as determined by the Committee. Such Awards will be issued under this Plan. An election under this Section 12.4 will be filed with the Company on the form prescribed by the Company.

13. WITHHOLDING TAXES.

13.1. Withholding Generally. Whenever Shares are to be issued in satisfaction of Awards granted under this Plan or a tax event occurs, the Company may require the Participant to remit to the Company, or to the Parent, Subsidiary, or Affiliate, as applicable, employing the Participant an amount sufficient to satisfy applicable U.S. federal, state, local, and international income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items (the "**Tax-Related Items**") legally due from the Participant prior to the delivery of Shares pursuant to exercise or settlement of any Award. Whenever payments in satisfaction of Awards granted under this Plan are to be made in cash, such payment will be net of an amount sufficient to satisfy applicable withholding obligations for Tax-Related Items. Unless otherwise determined by the Committee, the Fair Market Value of the Shares will be determined as of the date that the taxes are required to be withheld and such Shares shall be valued based on the value of the actual trade or, if there is none, the Fair Market Value of the Shares as of the previous trading day.

13.2. Stock Withholding. The Committee, or its delegate(s), as permitted by applicable law, in its sole discretion and pursuant to such procedures as it may specify from time to time and subject to limitations of local law, may require or permit a Participant to satisfy such Tax Related Items legally due from the Participant, in whole or in part by (without limitation) (a) paying cash, (b) having the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the Tax-Related Items to be withheld, (c) delivering to the Company already-owned shares having a Fair Market Value equal to the Tax-Related Items to be withheld, or (d) withholding from the proceeds of the sale of otherwise deliverable Shares acquired pursuant to an Award either through a voluntary sale or through a mandatory sale arranged by the Company. The Company may withhold or account for these Tax-Related Items by considering applicable statutory withholding rates or other applicable withholding rates, including up to the maximum permissible statutory tax rate for the applicable tax jurisdiction, to the extent consistent with applicable laws.

14. TRANSFERABILITY. Unless determined otherwise by the Committee, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. If the Committee makes an Award transferable, including, without limitation, by instrument to an inter vivos or testamentary trust in which the Awards are to be passed to beneficiaries upon the death of the trustor (settlor) or by gift or by domestic relations order to a Permitted Transferee, such Award will contain such additional terms and conditions as the Committee deems appropriate. All Awards will be exercisable: (a) during the Participant's lifetime only by the Participant or the Participant's guardian or legal representative; (b) after the Participant's death, by the legal representative of the Participant's heirs or legatees; and (c) in the case of all awards except ISOs, by a Permitted Transferee.

15. PRIVILEGES OF STOCK OWNERSHIP; RESTRICTIONS ON SHARES.

15.1. Voting and Dividends. No Participant will have any of the rights of a stockholder with respect to any Shares until the Shares are issued to the Participant, except for any Dividend Equivalent Rights permitted by an applicable Award Agreement. Any Dividend Equivalent Rights will be subject to the same vesting or performance conditions as the underlying

Award. In addition, the Committee may provide that any Dividend Equivalent Rights permitted by an applicable Award Agreement will be deemed to have been reinvested in additional Shares or otherwise reinvested. After Shares are issued to the Participant, the Participant will be a stockholder and have all the rights of a stockholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares; provided, that if such Shares are Restricted Stock, then any new, additional or different securities, or cash dividends, the Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, cash dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock; provided, further, that the Participant will have no right to such stock dividends, cash dividends or stock distributions with respect to Unvested Shares, and any such dividends or stock distributions will be accrued and paid only at such time, if any, as such Unvested Shares become vested Shares. The Committee, in its discretion, may provide in the Award Agreement evidencing any Award that the Participant will be entitled to Dividend Equivalent Rights with respect to the payment of cash dividends on Shares underlying an Award during the period beginning on the date the Award is granted and ending, with respect to each Share subject to the Award, on the earlier of the date on which the Award is exercised or settled or the date on which it is forfeited provided, that no Dividend Equivalent Right will be paid with respect to the Unvested Shares, and such dividends or stock distributions will be accrued and paid only at such time, if any, as such Unvested Shares become vested Shares. Such Dividend Equivalent Rights, if any, will be credited to the Participant in the form of additional whole Shares as of the date of payment of such cash dividends on Shares.

15.2. Restrictions on Shares. At the discretion of the Committee, the Company may reserve to itself and/or its assignee(s) a right to repurchase (a “**Right of Repurchase**”) a portion of any or all Unvested Shares held by a Participant following such Participant’s termination of Service at any time within ninety (90) days (or such longer or shorter time determined by the Committee) after the later of the date Participant’s Service terminates and the date the Participant purchases Shares under this Plan, for cash and/or cancellation of purchase money indebtedness, at the Participant’s Purchase Price or Exercise Price, as the case may be.

16. CERTIFICATES. All Shares or other securities whether or not certificated, delivered under this Plan will be subject to such stock transfer orders, legends, and other restrictions as the Committee may deem necessary or advisable, including restrictions under any applicable U.S. federal, state, or foreign securities law, or any rules, regulations, and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted, and any non-U.S. exchange controls or securities law restrictions to which the Shares are subject.

17. ESCROW; PLEDGE OF SHARES. To enforce any restrictions on a Participant’s Shares, the Committee may require the Participant to deposit all certificates representing Shares, together with stock powers or other instruments of transfer approved by the Committee, appropriately endorsed in blank, with the Company or an agent designated by the Company to hold in escrow until such restrictions have lapsed or terminated, and the Committee may cause a legend or legends referencing such restrictions to be placed on the certificates. Any Participant who is permitted to execute a promissory note as partial or full consideration for the purchase of Shares under this Plan will be required to pledge and deposit with the Company all or part of the Shares so purchased as collateral to secure the payment of the Participant’s obligation to the Company under the promissory note, provided, however, that the Committee may require or accept other or additional forms of collateral to secure the payment of such obligation and, in any event, the Company will have full recourse against the Participant under the promissory note notwithstanding any pledge of the Participant’s Shares or other collateral. In connection with any pledge of the Shares, the Participant will be required to execute and deliver a written pledge agreement in such form as the Committee will from time to time approve. The Shares purchased with the promissory note may be released from the pledge on a pro rata basis as the promissory note is paid.

18. REPRICING; EXCHANGE AND BUYOUT OF AWARDS. The repricing of Options or SARs, including pursuant to an Exchange Program, is not permitted without prior stockholder approval.

19. SECURITIES LAW AND OTHER REGULATORY COMPLIANCE. An Award will not be effective unless such Award is in compliance with all applicable U.S. and foreign federal and state securities and exchange control and other laws, rules, and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the date of grant of the Award and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to: (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable and/or (b) completion of any registration or other qualification of such Shares under any state, federal, or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable. The Company will be under no obligation to register the Shares with the SEC or to effect compliance with the registration, qualification, or listing requirements of any foreign or state securities laws, exchange control laws, stock exchange, or automated quotation system, and the Company will have no liability for any inability or failure to do so.

20. NO OBLIGATION TO EMPLOY. Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the

Company or any Parent, Subsidiary, or Affiliate or limit in any way the right of the Company or any Parent, Subsidiary, or Affiliate to terminate Participant's employment or other relationship at any time.

21. CORPORATE TRANSACTIONS.

21.1. Treatment of Awards in the event of Corporate Transaction. In the event of a Corporate Transaction any or all outstanding Awards shall be subject to the definitive agreement related thereto, and may be (a) continued, assumed or replaced by the successor corporation, which assumption or replacement shall be binding on all Participants, provided that the Exercise Price and the number and nature of shares issuable upon exercise of any Option or SAR, or any Award that is subject to Section 409A of the Code, will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable, (b) substituted by the successor corporation for equivalent awards or substantially similar consideration as was provided to stockholders (after taking into account the existing provisions of the Awards), provided that the Exercise Price and the number and nature of shares issuable upon exercise of any Option or SAR, or any Award that is subject to Section 409A of the Code, will be adjusted appropriately pursuant to Section 424(a) of the Code and/or Section 409A of the Code, as applicable, (c) replaced with substantially similar shares or other property subject to repurchase restrictions no less favorable to the Participant, (d) immediately vested (and exercisable, as applicable) and settled (as applicable), followed by the cancellation of such Awards upon or immediately prior to the effectiveness of such transaction or (e) settled for their intrinsic value (whether or not vested or exercisable) in cash or cash equivalents or equity (including cash or equity subject to deferred vesting and delivery consistent with vesting restrictions applicable to such Awards or the underlying Shares) followed by the cancellation of such Awards and, for the avoidance of doubt, if as of the date of the occurrence of the Corporate Transaction, the Committee determines in good faith that no amount would have been attained upon the exercise of such Award or realization of the Participant's rights, then such Award may be terminated by the Company without payment, in each case without the Participant's consent.

In the event such successor or acquiring corporation (if any) refuses to continue, assume, convert, replace or substitute Awards or such Awards are not settled for their intrinsic value, as provided above, pursuant to a Corporate Transaction, then notwithstanding any other provision in this Plan to the contrary, such Awards shall have their vesting accelerate as to all Shares subject to such Award (and any applicable right of repurchase fully lapse) immediately prior to the Corporate Transaction and then such Awards will terminate. For purposes of determining the foregoing acceleration, Performance Awards shall be deemed earned and vested at the greater of (a) 100% of target level performance and (b) actual performance through the date of the Corporate Transaction.

If an Award vests in lieu of continuation, assumption, conversion, replacement or substitution in connection with a Corporate Transaction, as provided above, the Committee will notify the Participant in writing or electronically that such Award will be exercisable for a period of time determined by the Committee in its sole discretion, and such Award will terminate upon the expiration of such period without consideration.

Any acceleration of payment of an amount that is subject to Section 409A of the Code will be delayed, if necessary, until the earliest time that such payment would be permissible under Section 409A without triggering any additional taxes applicable under Section 409A.

The Board shall have full power and authority to assign the Company's right to repurchase, right to re-acquire and/or forfeiture rights to such successor or acquiring corporation. Awards need not be treated similarly in a Corporate Transaction and treatment may vary from Award to Award and/or from Participant to Participant.

21.2. Assumption of Awards by the Company. The Company, from time to time, also may substitute or assume outstanding awards granted by another company, whether in connection with an acquisition of such other company or otherwise, by either: (a) granting an Award under this Plan in substitution of such other company's award, or (b) assuming such award as if it had been granted under this Plan if the terms of such assumed award could be applied to an Award granted under this Plan. Such substitution or assumption will be permissible if the holder of the substituted or assumed award would have been eligible to be granted an Award under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an award granted by another company, the terms and conditions of such award will remain unchanged (~~except~~ that the Purchase Price or the Exercise Price, as the case may be, and the number and nature of Shares issuable upon exercise or settlement of any such Award will be adjusted appropriately pursuant to Section 424(a) of the Code). In the event the Company elects to grant a new Option in substitution rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price. Substitute Awards will not reduce the number of Shares authorized for grant under this Plan or authorized for grant to a Participant in a calendar year.

21.3. Non-Employee Directors' Awards. Notwithstanding any provision to the contrary herein, in the event of a Corporate Transaction, the vesting of all Awards granted to Non-Employee Directors will accelerate and such Awards will become exercisable (as applicable) in full prior to the consummation of such event at such times and on such conditions as the Committee determines.

22. **ADOPTION AND STOCKHOLDER APPROVAL.** This Plan will be submitted for the approval of the Company's stockholders, consistent with applicable laws, within twelve (12) months before or after the date this Plan is adopted by the Board.
23. **TERM OF PLAN/GOVERNING LAW.** Unless earlier terminated as provided herein, this Plan will become effective on the Effective Date and will terminate ten (10) years from the date this Plan is adopted by the Board. After this Plan is terminated or expires, no Awards may be granted but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and this Plan's terms and conditions. This Plan and all Awards granted hereunder will be governed by and construed in accordance with the laws of the State of Delaware (excluding its conflict of laws rules).
24. **AMENDMENT OR TERMINATION OF PLAN.** The Board may at any time terminate or amend this Plan in any respect, including, without limitation, amendment of any form of Award Agreement or instrument to be executed pursuant to this Plan, provided, however, that the Board will not, without the approval of the stockholders of the Company, amend this Plan in any manner that requires such stockholder approval, provided further that a Participant's Award will be governed by the version of this Plan then in effect at the time such Award was granted. No termination or amendment of this Plan will affect any then-outstanding Award unless expressly provided by the Committee. In any event, no termination or amendment of this Plan or any outstanding Award may adversely affect any then outstanding Award without the consent of the Participant, unless such termination or amendment is necessary to comply with applicable law, regulation, or rule.
25. **NONEXCLUSIVITY OF THIS PLAN.** Neither the adoption of this Plan by the Board, the submission of this Plan to the stockholders of the Company for approval, nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock awards and bonuses otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
26. **INSIDER TRADING POLICY.** Each Participant who receives an Award will comply with any policy adopted by the Company from time to time covering transactions in the Company's securities by Employees, officers, and/or Directors of the Company, as well as with any applicable insider trading or market abuse laws to which the Participant may be subject.
27. **ALL AWARDS SUBJECT TO COMPANY CLAWBACK OR RECOUPMENT POLICY.** All Awards, subject to applicable law, will be subject to clawback or recoupment pursuant to any compensation clawback or recoupment policy adopted by the Board or required by law during the term of Participant's employment or other service with the Company that is applicable to officers, Employees, Directors or other service providers of the Company, and in addition to any other remedies available under such policy and applicable law, may require the cancellation of outstanding Awards and the recoupment of any gains realized with respect to Awards.
28. **DEFINITIONS.** As used in this Plan, and except as elsewhere defined herein, the following terms will have the following meanings:
- 28.1. ***"Affiliate"*** means (a) any entity that, directly or indirectly, is controlled by, controls, or is under common control with, the Company, and (b) any entity in which the Company has a significant equity interest, in either case as determined by the Committee, whether now or hereafter existing.

The determination as to whether Cause for a Participant's termination exists will be made in good faith by the Company and will be final and binding on the Participant. This definition does not in any way limit the Company's or any Parent's or Subsidiary's or Affiliate's ability to terminate a Participant's Service at any time. Notwithstanding the foregoing, the foregoing definition of "Cause" may, in part or in whole, be modified or replaced in each individual employment agreement, Award Agreement, or other applicable agreement with any Participant provided that such document specifically supersedes this definition.
